Proposals must be received by <u>Friday</u>, <u>May 1, 2020</u> at the Boards Support Section office in <u>Juneau</u>. (A postmark is <u>NOT</u> sufficient for timely receipt).

You are encouraged to submit proposals at the earliest possible date on Board of Game proposal forms available from the Boards Support Section regional offices and on the website at: www.boardofgame.adfg.alaska.gov. All proposals must contain an individual's name and an organizational name if appropriate, contact telephone number, and address. Regional proposals must specify the applicable region or game management unit.

Providing clarity on the proposal form helps the board, advisory committees, and the public more fully understand the proposed regulatory changes. Proposals that are incomplete or unclear may be omitted from the proposal book. You are encouraged to contact the Boards Support Section staff if you have questions or need assistance with completing the proposal form. Proposals published in the proposal book will be referenced with the appropriate Alaska Administrative Code citation and include a brief description of the action requested. Proposals with emotionally charged language will be rejected or redacted as they detract from the substance of the proposal, may draw opposition not germane to the element(s) of the proposal, and may elicit nonresponsive charges from the public/board members. Proposals not meeting this call or submitted late will not be published.

Proposal books will be available to the advisory committees, agencies, and the public at www.boardofgame.adfg.alaska.gov for review and comment.

Proposals received per the above "Call for Proposals" deadline will be considered by the Board of Game at their Statewide Regulations scheduled for March 2021 and the Central/Southwest meeting in January 2021. For more information, please contact the ADF&G Boards Support Section at (907) 465-4110, or email kristy.tibbles@alaska.gov.
