

NCDPI K-3 Literacy Department

K-3 Literacy values NC District leaders and stakeholder's feedback...

Mrs. Barfield's Kindergarten students from Sunnyside Elementary enjoy a good book!

Mrs. Robertson's 1st grade class celebrates reading at A.B. Combs Elementary!

Learning with Emily Hanford

NC Educators participate in Istation training

Sandhills leaders collaborate at monthly RESA meeting

Questions from the field...

Is the state considering flexibility with reading camp invites?

The state is currently looking at MOY data...a memo will be sent to districts with additional guidance soon.

Have districts received summer stipend funding?

Yes, funding was sent to district finance departments for payout to teachers who attended and signed in at one of the Summer Istation training. Teachers should receive this payment via their paycheck.

When will districts receive devices/headphones?

This process is currently in procurement...districts will receive devices/headphones once this process is complete.

When will districts receive twice retained tutoring and reading camp funding?

Distribution of funding for twice retained tutoring and reading camp is being processed and will be sent to districts soon.

Will Istation be available during Reading Camp?

The state is currently working under an emergency contract with Istation through the end of March...we will keep districts informed as we have more information.

Will teachers who attended round 3 of Istation training receive sub pay?

Yes, next week a sub form will be sent via email to all participants who attended and signed in at training....please submit the form to your payroll department.

EPISODE 23: Emily Hanford Epically Defines the Science of Reading

Today Emily Hanford joins Melissa and Lori to define the Science of Reading, addressing the current misinterpretation of the term and what it really means. She shares thoughts on teacher prep programs and where teachers get knowledge about what or how...

Round 3 face-to-face Istation training has been a great success! If you missed the training or would like more information please sign up for one of the upcoming webinars...

Participants will discover the link between Istation's ISIP assessment data and student success at every Level. This session is designed to help teachers maximize their instructional impact by using ISIP data and Istation's resources to support instructional planning. Your special assignment will be to use previously gained knowledge about identifying student strengths and weaknesses to set goals that will motivate students. As a result of this course, participants will be able to:

- Design skill-focused differentiated instruction by utilizing Istation Levels and teacher resources
- Create reasonable student goals
- Initiate a plan to track goals and celebrate growth
