

VACCINE NEWS: WEEKLY REVIEW

THIS WEEK'S PROGRESS

- On May 3, the state transitioned to the federal COVID-19 [vaccination reporting system](#).
- On May 6, Gov. Andy Beshear announced that on May 28, all events and businesses with 1,000 or fewer people present can increase to 75% capacity. In addition, starting May 28, indoor and outdoor events with more than 1,000 people can be held at 60% capacity.
- The Governor also clarified that small groups of individuals [are no longer mandated](#) to wear facial coverings indoors in private businesses or homes if all individuals present have received the final dose of a COVID-19 vaccine at least 14 days prior.

THINGS TO KNOW

- “We’re getting closer to reaching our 2.5 million–vaccine *Team Kentucky Vaccination Challenge* every day, but we need to pick up the pace, especially among younger Kentuckians,” said Gov. Beshear. “There are vaccination appointments available every week, at many different times throughout the day. At some sites, you don’t even need an appointment. Get it done, for yourself and for your community, so we can reach our goal and relax more restrictions.”
