DATE   July 22, 2021

PowerSchool System Upgrade to Version 20.11.3.0

The Student Information System, *PowerSchool*, will perform a system upgrade beginning August 6 at 5 p.m. and will end on or before August 9 at 6 a.m. The upgrade will move the platform to version 20.11.3.0. The upgrade will implement several enhancements that were covered in the Home Base Meetups, including but not limited to:

- New Start Page Search Feature
- Ability to track changes
- Check-in/check-out attendance (Admit Slips)
- Incidents
    - Attendance
    - Teacher Referral
- Resolve several issues users may currently be experiencing

Beta testing for this release is almost complete. Details of what this upgrade entails are available in the release notes for PowerSchool SIS 20.4.0.0 through 20.11.3.0. More information pertaining to this upgrade will be provided over the course of the next two weeks.
