Coronavirus Update: Coronavirus Telebriefing for Restaurants

Public Health Officials Provide Update on Novel Coronavirus (COVID-19)

Boosters are available for eligible individuals for all three FDA-approved vaccines; Pfizer, Moderna, and Johnson & Johnson. While we continue prioritizing getting unvaccinated people vaccinated against COVID-19, we encourage everyone who is eligible to enhance their immunity by getting a booster dose. It is important that those at high risk because of their age, underlying health conditions, or occupational setting, get their booster dose. Public Health will conduct a telebriefing to update you on the latest COVID-19 response, and vaccination efforts, and we'll answer your questions and listen to your feedback.
