

Indiana Department of Education

Dr. Katie Jenner, Secretary of Education

The Indiana Department of Education (IDOE) awarded 97 schools and community partners with \$57 million in Explore, Engage and Experience (3E) grant funding. The grant will aid Indiana's schools and local partners as they work to expand students' access to pathways leading to high-wage, high-demand careers.

Each awardee has multiple school and community partners that are working together in order to achieve the outcomes of the Explore, Engage, and Experience grant. The community partners listed below for each application are key partners that were included in their application, but is not an exhaustive list of all partnerships that are part of the 3E grant activities.

Legal Vendor Name	Community Partner Organization	Community Partner Organization	Community Partner Organization	Counties Served	Award Amount
