

## THIS WEEK'S PROGRESS

- On March 29, Gov. Andy Beshear announced more than 1.3 million Kentuckians have received at least their first dose of one of three highly effective COVID-19 vaccines. The state has now vaccinated about 40% of Kentucky adults and about 70% of Kentuckians who are age 70 and up.
- Also on March 29, Kentucky Department for Public Health Commissioner Dr. Steven Stack provided an [update](#) on how Kentucky has been and remains the best performing state of all of our seven border states. The performance is in terms of the percentage of our population that has had at least one dose of the vaccine – and that's whether you look at the total population, the population 16 or older or the population 65 or older.
- Whitney Young Elementary vaccination site – 3526 Muhammad Ali Blvd., Louisville – opened on April 1. People who live in West Louisville can schedule vaccination appointments by calling [888-777-7219](tel:888-777-7219) or visiting [NortonHealthcare.com](https://NortonHealthcare.com).
- The Governor shared a [video](#) from University of Louisville President Dr. Neeli Bendapudi celebrating the opening of Kentucky's largest vaccination site, at Cardinal Stadium – 2800 S. Floyd St., Louisville – on April 12. The Cardinal Stadium vaccination site will be open to all Kentuckians ages 16 and up. For more information or to make an appointment, visit [UofLHealth.org](https://UofLHealth.org) or call [502-681-1435](tel:502-681-1435).

## NEXT WEEK'S GOALS

- All Kentuckians 16 and older will be eligible to receive a COVID-19 vaccine April 5. Only the Pfizer vaccine is approved for 16 and 17-year-olds.
- The Governor highlighted four vaccination locations that have the highest number of available appointments: Norton Healthcare (register [here](#)), Northern Kentucky Convention Center (register [here](#)), Kentucky Dam Village Convention Center (register [here](#)) and Baptist Health Madisonville (register [here](#) or call [270-825-7330](tel:270-825-7330)).

## THINGS TO KNOW

- Gov. Beshear said, “We are seeing in a number of states an increase in cases and hospitalizations, and it’s happening among younger people. We want to get ahead of the more aggressive COVID-19 variants and make sure that we fill every available appointment. Make a plan to get your shot of hope.”
- To see a list of vaccination sites that have openings, visit [vaccinemap.ky.gov](https://vaccinemap.ky.gov).
- The Governor said he would provide COVID-19 updates on his social media channels the rest of the week; due to Easter weekend, there will be limited COVID-19 reports Friday and Saturday and no COVID-19 report Sunday.
- Visit [kycovid19.ky.gov](https://kycovid19.ky.gov) and click on the gold vaccine bar, or call toll-free [855-598-2246](tel:855-598-2246), for more information or to schedule an appointment. The TTY number for deaf and hard of hearing Kentuckians is [855-326-4654](tel:855-326-4654).

The Governor shared a new video encouraging all Kentuckians who are eligible to join the team and get vaccinated. [Watch here.](#)
