

COVID-19 UPDATE

4.14.2021

MICHIGAN HAS ADMINISTERED

5.4 MILLION

VACCINES TO DATE.

**41.9% OF MICHIGANDERS 16 AND
UP HAVE GOTTEN THEIR FIRST
DOSE AND 27.5% ARE FULLY
VACCINATED, INCLUDING 61%
OF SENIORS.**

**TO SLOW THE SPREAD, WE ALL HAVE TO DO OUR PART
AND DOUBLE DOWN ON WHAT WE KNOW WORKS:**

- ✔ **MASKS**
- ✔ **DISTANCING**
- ✔ **HAND WASHING**

NATIONAL INSTITUTES OF HEALTH COVID-19 TREATMENTS
GUIDELINES PANEL SAID THEY “**STRONGLY RECOMMEND**”
THAT REGENERON’S COVID TREATMENT
SHOULD BE USED IN COVID-19
PATIENTS AT **HIGH RISK** OF CLINICAL
PROGRESSION.

COVID-19 DIAGNOSIS?

YES

**TALK TO A DOCTOR QUICKLY TO
SEE IF YOU ARE ELIGIBLE FOR
THIS LIFE-SAVING TREATMENT**

**SCHEDULE AN APPOINTMENT TO
RECEIVE A COVID-19 VACCINE 90
DAYS AFTER RECEIVING
TREATMENT**

NO

**SCHEDULE AN APPOINTMENT TO
RECEIVE A COVID-19 VACCINE**

**CONTINUE TO MASK UP AND
SOCIAL DISTANCE**

**I WANT TO BE VERY CLEAR:
THERAPEUTICS ARE NOT A
SUBSTITUTE FOR VACCINATION**

I'M CALLING ON MICHIGANDERS TO CONTINUE THEIR PERSONAL EFFORTS TO SLOW THE SPREAD BY:

- ✓ MASKING UP**
- ✓ SOCIALLY DISTANCING**
- ✓ HAND WASHING**
- ✓ GETTING VACCINATED**

**VISIT [MICHIGAN.GOV/COVIDTHERAPY](https://michigan.gov/covidtherapy)
TO FIND A SITE ADMINISTERING THE
ANTIBODY TREATMENTS NEAR YOU.**
