

East Carolina University Teacher Support Program for Learners with Deaf-blindness

Help for students with combined vision
and hearing loss

What?

- Teacher and team support
- Trainings related to deaf-blindness
- Specialized materials created and sourced

Where?

Teacher support will be provided
virtually or in the classroom

Why choose us?

Deaf-blindness is a unique disability and the combination of a hearing loss and a vision loss reduces access to the educational environment. We can offer you special research-based techniques and resources to help your learner reach their potential.
