

Generic National Academy Foundation Course Codes

As per state policy, [GRAD-009](#) and [GS 116-11 \(10a\)](#), there will be no half credit (0.5 credit) courses in PowerSchool beginning 2022-2023. Therefore, National Academy Foundation (NAF) courses receiving half credit in 2021-2022 and prior must be paired with another half credit NAF course beginning in 2022-2023. The generic NAF course codes introduced in 2022-2023 will be whole credit course codes.

Pathway Determination

There are four NAF pathways (NAFF, NAFH, NAFO, and NAFT) that are impacted directly by this change. Districts have the autonomy to select which two NAF courses will pair to create the pre-requisite course and which two NAF courses will pair to create the concentrator course.

Naming Courses

The local title field should be used to indicate which two NAF courses have been combined to create the pre-requisite and concentrator courses. This will allow districts to communicate the course sequence for tracking purposes. The 0.5 credit course code could be used in the title. For example, if CN10 Principles of Finance and CN18 Financial Services are combined to make the pre-requisite course for the NAFF pathway, the local title field would be “CN10 and CN18” to indicate the two courses were combined to create the pre-requisite course.

Note: Districts may add a foundational pre-requisite; however, those courses will not be counted as part of the state pathway. Districts using the CoOp option must follow state guidelines as found in the [Course Codes General Overview Part B](#) presentation.

Examples:

2022-2023 Pathways	NAF-Finance (NAFF)	NAF-Health Sciences (NAFH)	NAF-Hospitality and Tourism (NAFO)	NAF-Information Technology (NAFT)
Prerequisite (Level I)	Select two unique AOF courses and schedule them using the Generic Code CN02.	Select two unique AOHS courses and schedule them using the Generic Code HS15.	Select two unique AOHT courses and schedule them using the Generic Code CN06.	Select two unique AOIT courses and schedule them using the Generic Code CN57.
Concentrator (Level II)	Select two unique AOF courses (not used in the prerequisite level) and schedule them using the Generic Code CN03.	Select two unique AOHS courses (not used in the prerequisite level) and schedule them using the Generic Code HS16.	Select two unique AOHT courses (not used in the prerequisite level) and schedule them using the Generic Code CN07.	Select two unique AOIT courses (not used in the prerequisite level) and schedule them using the Generic Code CN58.

Available NAF Generic Course Codes (2022-2023)

Cluster - Pathway	Course No.	Course Name	Release Year
FINA - NAFF	CN012X0	NAF AOF FINA FNDN	2022-23
	CN015X0	NAF AOF FINA FNDN Honors	2022-23
