

# THE STATE OF TEXAS

## GOVERNOR

 *To all to whom these presents shall come,  
Greetings: Know ye that this official certificate is presented to*

# Schneider Electric

El Paso, Texas

*Like Texas itself, Schneider Electric can trace its roots to the 1830s, and in the many years since its inception, the company has been a driving force in human history. For generations, Schneider has constantly evolved to meet the great challenges of the day, and it is now a worldwide leader in energy management and automation. Today, the company's El Paso factory is its largest in the United States.*

*As a result of a multimillion-dollar investment, the company will produce state-of-the-art switchboards and switchgear, which, in turn, will be used in homes, businesses, and institutions throughout the world. The factory, moreover, is an uplifting force in El Paso, creating hundreds of quality jobs for Texans.*

*The Lone Star State is proud to partner with companies like Schneider Electric to build a prosperous future for our state. This ribbon cutting ceremony signals an exciting new chapter for the company, for its customers, and for Texas.*

*First Lady Cecilia Abbott joins me in extending best wishes.*

*In testimony whereof, I have signed my name and caused the Seal of the State of Texas to be affixed at the City of Austin this the 14th day of September, 2023.*

Greg Abbott  
Governor of Texas
