The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, California 90012

Dear Supervisors:

**RECOMMENDED ADJUSTMENTS TO THE 2020-21 RECOMMENDED COUNTY  
BUDGET TO REFLECT VARIOUS CHANGES AND AUTHORIZATION TO EXECUTE  
FUNDING AGREEMENTS  
(ALL DISTRICTS AFFECTED) (3-VOTES)**

**SUBJECT**

The following reflects the Chief Executive Officer's (CEO) proposed changes to the 2020-21 Recommended Budget, which was approved by the Board of Supervisors (Board) on April 28, 2020. These proposed changes reflect cuts in programs and personnel that are needed as a result of the serious economic downturn caused by the COVID-19 public health emergency. This unprecedented crisis has resulted in sharp revenue declines at the same time the County also is investing in vitally-needed response and reopening activities to support our communities during this global pandemic. Adoption of these recommendations, along with any approved budget deliberation matters, will result in the adoption of the 2020-21 County Budget. Because of the dynamic nature of this situation, the Supplemental Budget that will be presented to your Board in September 2020 may include significant updates to the proposed \$34.901 billion budget submitted for adoption today.

**IT IS RECOMMENDED THAT THE BOARD:**

1. Find that the proposed capital project actions do not meet the definition of a project under the California Environmental Quality Act (CEQA), or are exempt, as cited herein.

2. Adopt the attached changes (Attachments I, II, III, IV, V and VI) to the fiscal year (FY) 2020-21 Recommended County Budget.
3. Authorize the CEO, or her designee, to execute and, if necessary, to amend or terminate funding agreements totaling \$65,625,000 with the following: (a) the Charles R. Drew University at an amount not to exceed \$1,000,000 for community engagement and capital planning; and (b) the Los Angeles County Development Authority in the amount of \$64,625,000 to provide funding for the Norwalk Library or other housing development projects up to \$2,000,000, the Notice of Funding Availability process in the amount of \$60,000,000 which includes up to \$10,000,000 for housing preservation, the South County Public Housing Scattered Sites in the amount of \$425,000, and the Economic Development Community Revitalization Program (Renovate) in the amount of \$2,200,000.
4. Authorize the Acting Director of Workforce Development, Aging and Community Services (WDACS), or his designee, to execute and, if necessary, amend or terminate funding agreements totaling \$2,284,000 with the Los Angeles County Development Authority for: the Centro Estrella Alma Family Resource and Aquatic Center in the amount of \$102,000; operational costs for the South Whittier Resource Center in the amount of \$700,000; the Community Policing Program in public housing sites in the amount of \$1,007,000; and the Cooperative Extension Program in the amount of \$475,000.
5. Authorize the Executive Officer of the Board of Supervisors to execute and, if necessary, amend a funding agreement up to \$650,000 with the LA Opera for the annual simulcast events.

## **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS**

### **Budgetary Impact from COVID-19**

Beginning in mid-March, when COVID-19 was declared a global pandemic, the economic impact was swift and devastating as non-essential businesses closed and consumer spending dropped. The result was a record decline in economic activity and the rapid onset of a recession as the Gross Domestic Product (GDP) fell and unemployment soared.

Recent analyses produced by our consultants forecasted a very sharp economic downturn in the second quarter of calendar year 2020, followed by a variable degree of economic recovery beginning in the third quarter of 2020. Other analysts forecast an optimistic V-shaped recovery, with a possible return to pre-recession GDP levels as early as 2021. However, most forecasts have been more pessimistic, foreseeing a protracted period of economic difficulty and unemployment, even as phased reopening is underway.

On June 10, 2020, the Federal Reserve announced that the ongoing public health crisis will continue to weigh heavily on economic activity in the near term and poses considerable risks to the economy over the medium term. The Federal Reserve also signaled it would hold interest rates near zero through 2022 until it is confident that the economy has weathered recent events. This indicates that central bank policymakers believe economic recovery will take years rather than a quick rebound once commerce fully reopens from the shutdowns, restrictions, and other measures used to combat the pandemic.

Based on these factors, we are projecting severe reductions in several of the County's key revenue sources, including sales and use tax collected in the unincorporated areas, Proposition 172 Public Safety sales tax, Realignment sales tax, Measure H sales tax, and hotel tax (Transient Occupancy Tax).

The sales tax reductions are expected to have a greater impact now than during the Great Recession of 2007-2009 because of the County's increased reliance on these revenues since the 2011 realignment of State programs to the counties. During the COVID-19 recession, there has been a sharp drop in sales tax revenues provided to counties to fund various criminal justice, mental health, and social services programs, and these impacts are reflected in this proposed budget.

### **Budget Overview**

In total, we are projecting \$935.3 million in revenue losses consisting of \$446.0 million in General Fund net County cost (NCC) and \$489.3 million primarily in 2011 realignment revenues and Measure H sales tax revenues. We are mitigating these revenue losses with departmental curtailments totaling \$453.5 million, use of one-time departmental trust accounts of \$351.6 million, use of other revenue and appropriation reductions of \$70.9 million, and savings from management cost reductions of \$59.3 million as outlined in Table 1. The proposed departmental curtailments result in the elimination of 3,251 positions and 655 potential layoffs.

We are advocating vigorously to obtain additional State and federal funding that may become available over the next few months, and we continue to work with labor in hopes of minimizing these potential workforce reductions. We are hopeful that we may be able to reduce these curtailments in the Supplemental Budget that we present to your Board in September. However, this Final Changes Budget represents the most accurate portrait of the revenue outlook currently available.

**Departmental NCC Budget Curtailments**

The County’s preparation for curtailments has been a thoughtful and intensive process. In April, each County department submitted curtailment scenarios ranging from 10 percent to 20 percent. The proposed cuts in this Final Changes Budget are somewhat less severe, representing an across-the-board cut of approximately 8 percent of NCC funding—a budget reduction of \$386.7 million. Although these cuts are not as extensive as some of the scenarios contemplated, these are significant curtailments, resulting in the elimination of 2,818 budgeted positions and 404 potential layoffs.

Because of the way County departments are funded, the largest impacts are to the public safety departments, which receive by far the largest proportion of NCC funds—approximately 40 percent. Below are some of the principal reductions.

- **Sheriff** – Reflects a reduction of \$145.4 million and 1,392 positions primarily from the elimination of vacant positions in various programs throughout the Department. Also reflects a reduction in Custody Operations associated with various functions within the County jail system. These reductions result in 346 potential layoffs.
- **Probation** – Reflects a reduction of \$49.1 million and 425 positions primarily from the elimination of vacant positions from the closure of Los Padrinos Juvenile Hall and Challenger Memorial Youth Center and from various units such as Management Services Bureau and Intake Detention Control.

- **District Attorney** – Reflects a reduction of \$22.2 million and 145 positions primarily from the elimination of 140 vacant positions and reductions in various programs and 5 potential layoffs.
- **Public Defender** – Reflects a reduction of \$19.5 million and 118 positions from the elimination of 84 vacant positions, reductions in non-mandated defense programs and other various programs. These reductions also result in 34 potential layoffs.
- **Alternate Public Defender** – Reflects a reduction of \$6.5 million and 45 positions from reductions in the following programs: 1) Defense of Adults, 2) Investigations, and 3) Legal and Office Support. These reductions also result in 14 potential layoffs.
- **Medical Examiner-Coroner** – Reflects a reduction of \$3.7 million and 23 vacant positions from reductions in the following programs: 1) Forensic Medicine, 2) Death Investigations, 3) Forensic Laboratories, 4) Forensic Photo and Support, and 5) Administrative Services.
- **Board of Supervisors** – Reflects a reduction of \$5.6 million and 31 positions from the elimination of 26 vacant positions in various programs and reductions in operations and administrative services. These reductions also result in 5 potential layoffs.
- **Chief Executive Office** – Reflects a reduction of \$5.9 million and 8 positions from the early sunset of the Women and Girls Initiative program, the deferred implementation of the Youth Climate Commission, a reduction in the Worker Education and Resource Center (WERC) contract funding and reductions in services and supplies throughout the department.
- **Integrated Correctional Health Services** – Reflects a reduction of \$29.0 million and the elimination of 101 vacant positions along with reductions in overtime and services and supplies.
- **Public Health (DPH)** – Reflects a reduction of \$10.4 million and the elimination of 58 vacant positions along with reductions in services and supplies. DPH has received various COVID-19-related grants to support their critical COVID-19 public health response, some of which will be used to offset FY 2019-20 COVID-19 expenditures such as those related to critical contact tracing activities. However, due to timing, the vast majority of this grant funding is targeted for inclusion in the FY 2020-21 Supplemental Budget phase.

- **Parks and Recreation** – Reflects a reduction of \$13.0 million and 212 positions from the closure of pools and splashpads, reduced days of operation at the Lake Swim Beaches at Castaic Lake, and a reduction in ground maintenance.
- **Animal Care and Control** – Reflects the reduction of \$2.8 million and the elimination of 57 vacant positions in various programs including animal housing, field services and field enforcement.
- **Children and Family Services (DCFS)** – Reflects a reduction of \$20.6 million and a net reduction of 82 positions from the elimination of vacant positions, the transfer of desk support services from the Internal Services Department (ISD) to DCFS, and reductions in overtime and services and supplies.
- **Public Social Services** – Reflects a reduction of \$11.0 million from reductions in the General Relief Opportunities for Work Job Club, and services and supplies.

The NCC curtailments affect all County departments funded through NCC. For a full alphabetized list of all departmental impacts, please see Attachment VII.

### **Management Cost Reductions**

It is important that employees at all levels share in the cutbacks that are needed to balance the County's budget. Along with departmental reductions, the County's contribution to the 401(k) Savings Plan and Thrift Plan (Horizons) were suspended for non-represented employees which resulted in a \$57.8 million savings. Lastly, the October 1, 2020 scheduled Management Appraisal and Performance Plan Tier 1 cost-of-living increase will be suspended resulting in a \$1.5 million savings.

### **Assembly Bill (AB) 109 – Public Safety Realignment**

We are projecting an \$85.1 million loss in State sales tax revenues that are used to fund AB 109 programs. To close this gap, we are recommending program reductions of \$52.2 million and the use of one-time AB 109 reserves of \$32.9 million. These reductions result in the elimination of 235 positions and 114 potential layoffs.

- **Sheriff** – Reflects a reduction of \$16.7 million and 127 positions primarily associated with Custody Operations, In-Custody programs, Absconder Apprehension, and Fire Camp programs. These reductions result in 105 potential layoffs.
- **Probation** – Reflects a reduction of \$11.6 million and 78 positions from reductions in various programs including administration, direct supervision, Proposition 63 and services and supplies.

- **Office of Diversion and Reentry** – Reflects a reduction of \$3.5 million and 12 positions (6 positions from Sheriff, 5 from the Department of Mental Health and 1 from Public Defender) in various specialty programs designed to support criminal justice diversion programs, including support for Mental Health Evaluation Teams (MET) that provide a co-response/mutual aid model that pairs a mental health clinician with a law enforcement officer. These reductions result in 7 potential layoffs.
- **District Attorney** – Reflects a reduction of \$109,000 and 1 position in the Victim Restitution Collection Program. This reduction results in 1 potential layoff.
- **Public Defender** – Reflects a reduction of \$302,000 and 2 positions in their Mental Health unit. This reduction results in 1 potential layoff.

The AB 109 curtailments affect all County departments funded through AB 109. For a full alphabetized list of all departmental impacts, please see Attachment VII.

### **Realignment Revenues**

We are projecting a loss of \$306.7 million in State realignment revenues that are used to fund critical services in the Child Welfare and Social Services departments, along with essential services provided by the Departments of Health Services, Mental Health and Public Health. To close this gap, we are recommending the use of available one-time funding set-aside in various departmental trust accounts for these services.

### **Measure H – Homelessness**

We are projecting a \$70.9 million loss in Measure H sales tax revenues that are used to fund Homeless Initiative strategies. To close this gap, we are recommending the use of additional one-time State Homeless Housing, Assistance and Prevention Program funding of \$22.6 million and an appropriation reduction of \$48.3 million. To address the appropriation reduction, we are identifying opportunities to use federal Coronavirus Aid, Relief, and Economic Security (CARES) Act Supplemental Emergency Solutions Grant (ESG) funding in collaboration with the Los Angeles Homeless Services Authority and the cities in the County, which receive ESG funding directly. We will include additional program changes, as necessary due to the projected loss of Measure H sales tax revenues, in the FY 2020-21 Supplemental Budget.

### **Child Support Services**

As a result of a State budget action that recommends a reversion of funding levels for local child support agencies to the 2018 funding levels, Child Support Services is projected to lose \$26.6 million in State and federal funding. To mitigate this funding loss, we are recommending departmental reductions of \$14.6 million and the use of one-time departmental trust account of \$12.0 million. These reductions result in the elimination of 198 positions and 137 potential layoffs.

### **Investments in Voting**

Even in a time of cutbacks, the County is committed to supporting the most essential rights of its electorate.

**Voting Solutions for All People (VSAP)** – Provides \$89.4 million and 68 positions to fully implement the VSAP system and for voter education and outreach. These costs are fully offset with \$17.0 million previously set aside in the Provisional Financing Uses budget unit, \$4.1 million in obligated fund balance Committed for VSAP, \$34.3 million in obligated fund balance Committed for Capital Projects/Extraordinary Maintenance, a \$26.7 million transfer from the Capital Projects budget unit, \$4.7 million in federal and State funding, and \$2.6 million in additional fund balance.

**Vote by Mail (VBM)** – Adds \$13.3 million and 44 positions to expand the VBM Program by providing all Los Angeles County registered voters VBM ballots, fully offset with State funding and election billings.

### **Other Revenue Issues**

**Parks and Recreation** – Reflects a \$9.9 million reduction in revenue primarily from County golf courses, concessions and other fee-based revenues, fully offset with departmental efficiencies, various program reductions and the deletion of 26 vacant and 126 temporary positions.

### **Implementation of Strategic Plan Goals**

These actions support the County's Strategic Plan, Goal I, Make Investments That Transform Lives, Goal II, Foster Vibrant and Resilient Communities, and Goal III, Realize Tomorrow's Government Today.

### **FISCAL IMPACT/FINANCING**

The attached final recommended changes result in a total County Budget of \$34.901 billion and 109,504 positions. The table below illustrates the County's budget totals.

**FACTS AND PROVISIONS/LEGAL REQUIREMENT**

**Potential State Budget Impact**

On June 15, 2020, the Senate and Assembly passed the main FY 2020-21 State Budget bill, Senate Bill (SB) 74 (Budget Act). Budget negotiations will continue between the Legislature and the Administration. Governor Gavin Newsom is expected to sign the final budget by June 30, 2020. Additional budget trailer bills are expected to be amended and adopted by the Legislature to fully implement the State Budget Act of 2020. Given that numerous budget trailer bills have not been approved yet by the Legislature, some of these provisions described below are subject to change. Please note: as a result of the COVID-19 pandemic, the FY 2020-21 State Budget process has differed from previous years.

The items of major interest to the County in the Legislature-approved FY 2020-21 State Budget include the following:

**State Allocation of CARES Act (P.L. 116-136) Funding – Provides:**

- \$1.289 billion to counties to be used for homelessness, public health, public safety, and other services to combat the COVID-19 pandemic; allocated based on population, while considering any prior direct allocation of CARES Act funding.

- \$500.0 million to cities for homelessness, public health, public safety, and other services to combat the COVID-19 pandemic including:
  - \$225.0 million to cities with a population greater than 300,000 that did not receive a direct allocation from the CARES Act; allocated based on the share of each city's population relative to the total population of the cities covered by the subsection.
  - \$275.0 million to cities with a population less than 300,000; allocated based on the share of each city's population relative to the total population of the cities covered by the subsection. No city shall receive less than \$50,000.

**Project Roomkey** – \$550.0 million of CARES Act funding for acquisition or acquisition and rehabilitation of motels, hotels, or hostels; master leasing of properties; acquisition of other sites and assets; conversion of units from nonresidential to residential in a structure with a certificate of occupancy as a motel, hotel, or hostel; purchase of affordability covenants and restrictions for units; and the relocation costs for individuals who are being displaced as a result of the rehabilitation of existing units.

**Homelessness Programs and Services** – \$350.0 million in SGF for homelessness, subject to legislation.

**Infill Infrastructure Grant Program** – Maintains funding for the Infill Infrastructure Grant Program of 2019 to support the development of additional housing by providing for the construction, rehabilitation, demolition, relocation, preservation, and acquisition of infrastructure that supports the development of housing.

**Housing Counseling and Legal Aid** – Allocates \$331.0 million to the National Mortgage Settlement Trust Fund of which \$300.0 million would be for housing counseling and mortgage relief and \$31.0 million for tenant legal aid.

**Community Corrections Performance Incentive Grant** – Provides \$112.7 million statewide for the Community Corrections Performance Incentive Grant – SB 678 (Chapter 608, Statutes of 2009), which provides county probation departments performance-based funding when they successfully reduce the number of adult felony probationers going to State prison. The County is projected to receive approximately \$37.4 million in SB 678 funding in FY 2020-21. This would be comparable to the current fiscal year appropriation.

**Proposition 57 of 2016** – Provides \$12.9 million statewide for county probation departments to manage the temporary increase in the Post Release Community Supervision population as a result of Proposition 57. The County is projected to receive approximately \$3.4 million in Proposition 57 funding in FY 2020-21.

**CalFresh County Administration** – Provides \$74.2 million in SGF for CalFresh county administration support to reflect revised caseload estimates.

**Simplification of the CalFresh Program** – Provides \$27.5 million and approves trailer bill language to achieve simplifications in the CalFresh Program that will help those enrolled to retain benefits and those who are eligible to access the program more readily in light of the significant caseload increase as a result of the COVID-19 pandemic.

**Continuum of Care Reform** – Approves \$13.4 million in one-time SGF for foster placements prior to Resource Family Approval for FY 2020-21 with trailer bill language to effectuate this change.

**California Disaster Assistance Act** – \$100.8 million in increased funding to repair, restore, or replace public real property damaged or destroyed by a disaster or to reimburse local governments for eligible costs associated with emergency activities undertaken in response to a state of emergency proclaimed by the Governor.

**Elections Funding** – Includes \$36.5 million SGF for the November 2020 election and adopts language for a mechanism to provide additional funding for increased costs, if adequately justified. Includes a provision that if federal funds are received for this same purpose, the California Department of Finance is authorized to reduce the allocation. The budget also provides the Secretary of State with the authority to spend \$72.3 million in additional federal funds for the November 2020 election. \$65.5 million shall be used to prevent, prepare for and respond to COVID-19 for the 2020 federal election cycle.

**Department of Toxic Substances Control** – Includes \$1.0 million from the Lead Acid Battery Fund for the Exide 2014 Enforcement Order Program oversight and \$600,000 Lead Acid Battery Fund for the Third-Party Quality Assurance Oversight Contract for Exide Closure Implementation.

On June 22, 2020, the State announced a budget compromise between the Governor and the legislature. As of this writing, the analysis of this budget agreement was still being examined. One notable development is the proposed backfill of 1991 and 2011 Realignment revenues.

**Realignment Revenue Backfill for Counties** – Provides \$1.0 billion in State General Fund (SGF) in 2020-21 to backfill for reduced 1991 and 2011 Realignment revenues. Of this amount, \$750.0 million is available upon enactment of the budget. The remaining \$250.0 million is subject to the federal fund trigger and will be made available if sufficient federal funds are received by October. This is expected to have a positive impact on 1991 and 2011 Realignment revenues that the County receives from the State. However, the

distribution of these funds between 1991 and 2011 Realignment and among the various accounts and subaccounts is not yet determined. Budget bill language (BBL) requires the Department of Finance work with the California State Association of Counties to determine the distribution. The BBL also states that counties shall prioritize support for entitlement programs and programs that serve vulnerable populations, including young offenders in the criminal justice system.

Once the FY 2020-21 State Budget is enacted, the CEO will return to the Board during the Supplemental Budget phase with recommendations to align the County Budget with any actions taken by the State.

### **Federal Budget Update – COVID-19 Legislation**

In response to the public health and economic crisis from the COVID-19 pandemic, Congress enacted four legislative bills that provided funding to federal, state and local governments. Congress is currently considering other legislative proposals to provide additional relief.

On March 6, 2020, the first COVID-19 relief bill, H.R. 6074, the “Coronavirus Preparedness and Response Supplemental Appropriations Act of 2020,” (P.L. 116-123) was signed, providing \$8.3 billion to support state and local health agencies, vaccine and treatment development, and affected small businesses with loans.

The second COVID-19 relief bill, H.R. 6201, the “Families First Coronavirus Response Act,” (P.L. 116-127) was signed on March 18, 2020, providing health and nutrition assistance as well as new labor provisions related to emergency sick leave and emergency family medical leave.

The third COVID-19 relief bill, H.R. 748, the “Coronavirus Aid, Relief, and Economic Security Act,” (P.L. 116-136), was signed on March 27, 2020, providing a \$2.0 trillion package to address the fiscal and economic impacts of the COVID-19 emergency. This bill created a \$150.0 billion Coronavirus Relief Fund (CRF) for COVID-19 expenditures incurred by state and local governments. The County’s allocation from CRF was \$1.05 billion. In addition to the CRF, the County received funding for various other programs including \$103.9 million for the County’s healthcare-related expenses.

On April 24, 2020, the fourth COVID-19 bill, H.R. 266, the “Paycheck Protection Program and Health Care Enhancement Act,” (P.L. 116-139), was signed providing additional funding for hospitals, COVID-19 testing, and funds to replenish Small Business Administration programs.

A fifth COVID-19 relief bill, H.R. 6800, the “Health and Economic Recovery Omnibus Emergency Solutions Act,” passed in the House of Representatives on May 15, 2020. H.R. 6800 supports the following County priorities along with amending the CARES Act to include losses in revenue: \$875.0 billion in CRF stabilization funding, several Medicaid provisions that would provide savings to the County, a provision that increases the federal cost share of the Federal Emergency Management Agency’s assistance, and \$200.0 billion in additional funding for housing and homelessness programs. However, Senate leadership have signaled opposition to the bill and expressed their desire to see how funding from the four previous COVID-19 relief bills are expended before considering another relief bill.

Additionally, Congress is considering S. 3752 (Menendez), the “State and Municipal Assistance for Recovery and Transition Act,” which is a bipartisan, bicameral bill that would provide \$500.0 billion in funding for states, local, and tribal governments. Of the \$500.0 billion, one-third of the balance would be distributed to counties and municipalities based on their proportion of their state’s population and funds could be used to address the loss of revenues.

The Chief Executive Office will continue to follow developments on legislation and advocate for additional relief for the County to effectively respond to the pandemic and recover any potential losses as a result of this crisis. If necessary, the CEO will return to the Board during the Supplemental Budget phase with recommendations to align the County budget with any actions taken by the federal government.

### **FUNDING AGREEMENT AUTHORIZATION**

Approval of the recommended action will authorize the CEO, or her designee, to execute and, if necessary, to amend or terminate funding agreements totaling \$65,625,000 with the following public agencies:

1. Charles R. Drew University at an amount not to exceed \$1,000,000 to fund the cost of community engagement and capital planning activities.
2. Los Angeles County Development Authority in the amount of \$64,625,000 for the following:
  - a. Funding for the Norwalk Library or other housing development projects in the Fourth Supervisorial District up to \$2,000,000;
  - b. Funding for the Notice of Funding Availability process in the amount of \$60,000,000 which includes up to \$10,000,000 for housing preservation;

- c. Funding for the South County Public Housing Scattered Sites in the amount of \$425,000; and
- d. Funding for the Economic Development Community Revitalization Program in the amount of \$2,200,000.

Approval of the recommended action will also authorize the Acting Director of WDACS, or his designee, to execute and, if necessary, amend or terminate funding agreements totaling \$2,284,000 with the Los Angeles County Development Authority for the following:

- a. Funding for ongoing support of the Centro Estrella Alma Family Resource and Aquatic Center in East Los Angeles in the amount of \$102,000;
- b. Funding to supplement the operational costs for the South Whittier Resource Center in the amount of \$700,000;
- c. Funding for the Community Policing Program in public housing sites throughout the County in the amount of \$1,007,000; and
- d. Funding for the Cooperative Extension Program, which is a partnership between the University of California and the County that develops and implements community-based educational programs that address the critical needs of the County's diverse and multiethnic population, in the amount of \$475,000.

In addition, approval of this action will authorize the Executive Officer of the Board of Supervisors to execute and, if necessary, amend a funding agreement with the LA Opera for the costs associated with annual LA Opera simulcast events up to \$650,000.

#### **ENVIRONMENTAL DOCUMENTATION**

All other proposed actions are exempt from the CEQA in that the actions do not meet the definition of a project according to Section 15378(b)(2)(4)(5) of the State CEQA Guidelines because the actions are administrative activities that do not involve any commitments to any specific projects, which may result in a potentially significant physical impact to the environment.

**Budget Curtailments by Department**

In response to a projected \$935.3 million in revenue losses, the following departmental cutbacks will be required. The following alphabetized lists show, by department, the impacts of General Fund net County cost (NCC) curtailments and curtailments due to 2011 realignment revenues.

In total, these proposed departmental curtailments will result in the elimination of 3,251 positions and 655 potential layoffs.

**NCC Budget Curtailments by Department**

- **Agricultural Commissioner/Weights and Measures** – Reflects a reduction of \$1.4 million from decreases in services and supplies.
- **Alternate Public Defender** – Reflects a reduction of \$6.5 million and 45 positions from reductions in the following programs: 1) Defense of Adults, 2) Investigations, and 3) Legal and Office Support. These reductions result in 14 potential layoffs.
- **Animal Care and Control** – Reflects the reduction of \$2.8 million and the elimination of 57 vacant positions in various programs including animal housing, field services and field enforcement.
- **Arts and Culture** – Reflects a reduction of \$1.2 million and 2 vacant positions along with reductions in the Arts Internship, Organizational Grant, and Creative Strategist-Artists in Residence programs.
- **Assessor** – Reflects a reduction of \$2.3 million primarily from reduced costs related to loan repayment of an office building, memberships, technical services, and information technology expenses.
- **Auditor-Controller** – Reflects a reduction of \$2.2 million and 6 vacant positions from cyclical/routine audits, a decrease in the rent costs, office supplies, travel and training.
- **Auditor-Controller - Integrated Applications** – Reflects a decrease of \$1.2 million in hosting and data storage costs associated with de-commissioning older/outdated servers and funding earmarked for future rent increases.
- **Beaches and Harbors** – Reflects a reduction of \$3.6 million primarily from a decreased contribution to the Marina Accumulated Capital Outlay (ACO) Fund for Marina del Rey infrastructure projects, and reductions in capital assets and services and supplies.
- **Board of Supervisors** – Reflects a reduction of \$5.6 million and 31 positions from the elimination of 26 vacant positions in various programs and reductions in operations and administrative services. These reductions result in 5 potential layoffs.

- **Chief Executive Office** – Reflects a reduction of \$5.9 million and 8 positions from the early sunset of the Women and Girls Initiative program, the deferred implementation of the Youth Climate Commission, a reduction in the Worker Education and Resource Center (WERC) contract funding and reductions in services and supplies throughout the department.
- **Children and Family Services (DCFS)** – Reflects a reduction of \$20.6 million and a net reduction of 82 positions from the elimination of vacant positions, the transfer of desk support services from the Internal Services Department (ISD) to DCFS, and reductions in overtime and services and supplies.
- **Child Support Services** – Reflects a reduction of \$516,000 and 24 vacant positions.
- **Consumer and Business Affairs** – Reflects a reduction of \$1.1 million from a decrease in services and supplies and an increase in other revenue.
- **County Counsel** – Reflects a reduction of \$1.3 million from a decrease in services and supplies.
- **District Attorney** – Reflects a reduction of \$22.2 million and 145 positions from the elimination of 140 vacant positions and reductions in various programs. These reductions result in 5 potential layoffs.
- **Fire-Lifeguards** – Reflects a reduction of \$688,000 from a decrease in services and supplies.
- **Ford Theatres** – Reflects a reduction of \$268,000 from a decrease in services and supplies.
- **Human Resources** – Reflects a reduction of \$1.7 million in services and supplies throughout the Department.
- **Integrated Correctional Health Services** – Reflects a reduction of \$29.0 million and the elimination of 101 vacant positions along with reductions in overtime and services and supplies.
- **Internal Services** – Reflects a reduction of \$3.2 million and 7 vacant positions with decreases in building maintenance, information technology and the data center costs.
- **Juvenile Court Health Services** – Reflects a reduction of \$828,000 in services, supplies and equipment costs.
- **LA County Library** – Reflects a \$2.2 million reduction to services, supplies, equipment and overtime costs.
