### TRAINING OPPORTUNITIES FOR JOBS IN THE CONSTRUCTION TRADES

Southwest Light Rail Transit (METRO Green Line Extension)

# **CONSTRUCTION TRAINING FAIR**

#### TIME AND LOCATION:

January 22, 2020 3:00 to 6:00 p.m.

Minneapolis Urban League 2100 Plymouth Ave. North Minneapolis, MN 55411

#### FOR MORE INFORMATION:

Contact Aaron Koski: 612-349-7158 or aaron.koski@metc.state.mn.us

Anyone who requires assistance to participate should contact Green Line Extension
Community Outreach Coordinator Nkongo
Cigolo at Nkongo.Cigolo@metrotransit.org or
612-373-3825. Requests for special assistance should be made at least five business days in advance of the training fair.

Are you interested in gaining the skills to start a new career in the construction trades?

Come to the **Southwest LRT Construction Training Fair** to learn about the various local construction apprenticeship preparation programs and how they can prepare you to work in the construction trades.

The Construction Training Fair is an opportunity to:

- Learn about the METRO Green Line Extension.
- Learn about the various trades that will be needed for construction of the line.
- Talk to representatives from apprenticeship preparation programs.
- Apply for apprenticeship programs.

## About the METRO Green Line Extension Project

The METRO Green Line Extension is a new 14.5-mile light rail transit (LRT) line connecting Minneapolis, St. Louis Park, Hopkins, Minnetonka, and Eden Prairie. Its 16 new passenger stations will serve major job centers in the southwest metropolitan area. The line will provide single-seat rides from Eden Prairie to downtown Minneapolis, the University of Minnesota, and downtown St. Paul, and connections to the airport and Mall of America on the METRO Blue Line.

Join our team of professionals and deliver the largest public works project in Minnesota history. Put your skills to work on a major project that will benefit the Twin Cities metropolitan region for generations to come.

Contractors will hire trained workers to fill many types of jobs during construction, including:

- Bricklayers
- Carpenters
- Cement Masons
- Concrete Finishers
- Construction Laborers
- Electricians
- Electronics Installers
- HVAC Installers & Technicians

- Glaziers
- Heat and Frost Insulators
- Ironworkers
- Millwrights
- Heavy Equipment Operators
- Painters
- Pipefitters
- Plasterers
- Plumbers

- Powerline Workers
- Roofers
- Sheet Metal Workers
- Steamfitters
- Tapers and Finishers
- Tile Setters
- Truck Drivers
- Welders
