COVID-19 pandemic in Latin America

Joint motion for a resolution

Paragraph 13

Joint motion for a resolution

13. Regrets that the COVID-19 pandemic has been heavily politicised, including negationist rhetoric or downplay of the severity of the situation by Heads of State and Government, and calls on political leaders to act responsibly in order to prevent further escalations; considers worrisome the disinformation campaigns related to the pandemic and calls on the authorities to identify and legally persecute the entities perpetrating such actions;

Amendment

13. Regrets that the COVID-19 pandemic has been heavily politicised, including negationist rhetoric or downplay of the severity of the situation by Heads of State and Government, and calls on political leaders to act responsibly in order to prevent further escalations; considers worrisome the disinformation campaigns related to the pandemic and calls on the authorities to identify and legally persecute the entities perpetrating such actions;
deplores the Brazilian Federal Government's hazardous political approach to the COVID-19 pandemic, showing opposition to regional and local sanitary initiatives and has involved threats to send in the army to curb local lockdowns and restrictions, ignoring WHO core directives and best practices on pandemic management and science-based public health guidelines; urges the Brazilian authorities to immediately produce a centralised and coordinated science-based response to COVID-19;
