- Department of Public Health Website: **COVID-19 Testing**

Testing highly recommended for:
- **People who have symptoms**: If you have symptoms of COVID-19, talk to a healthcare provider and get tested.
- **People who have been a close contact to someone with confirmed or suspected COVID-19 (a case) within the last 14 days.** Even if your test is negative, you will still need to complete your quarantine.
- **People with or without symptoms who are part of an outbreak response or contact investigation in high-risk settings**, such as nursing homes, congregate living facilities, correctional facilities, or persons experiencing homelessness.

VACCINE & DISTRIBUTION

LA County vaccination providers can now offer the Pfizer vaccine for 12-15-year-olds. Teens should come with a parent, guardian or responsible adult and bring proof of age. Appointments can be made at VaccinateLACounty.com.

Get vaccinated at select vaccination sites this weekend for the chance to enter the LA Lakers 2021-22 Season Ticket Vaccination Sweepstakes and win a pair (2) of season tickets for next season. **Click Here** for the official rules.

REOPENING & RECOVERY RESOURCES

As of Thursday, April 6, 2021, Los Angeles County moved into the Yellow Tier of the State's Blueprint for a Safer Economy framework. The State will be keeping its current masking guidance until June 15, and LA County will do the same and remain in alignment with the Los Angeles County Health Officer Order of May 3, 2021. It is important to note that the Centers for Disease Control and Prevention (CDC) announcement last week was not meant to eliminate current safety modifications at local and state levels, and the CDC acknowledged the importance of maintaining local protections.
