

Flanders & Parkerville Road Detour Plan

***Weekends of
July 9 and August 6
beginning Friday 4pm***

For vehicles traveling **northbound**, please use the following signed detour route:

- From Southville Road eastbound, turn left onto River Street, continue onto Cordaville Road, turn right to merge onto Route 9 westbound toward Worcester/Springfield. Continue onto Route 9 westbound and use the right two lanes to take the exit toward Research Drive via Connector Road. Turn left onto Computer Drive. Turn left onto Connector Road and continue to your destination.

For vehicles traveling **southbound from Flanders Road**, please use the following signed detour route:

- From Flanders Road northbound, continue onto Connector Road, turn right onto Research Drive, then use the left two lanes to turn left to merge onto Route 9 eastbound. Merge onto Route 9 eastbound and continue for approximately 2.5 miles. Exit onto Route 85 South/Cordaville Road and continue onto Cordaville Road. Turn right onto River Street and then turn right onto Southville Road to continue to your destination.

For vehicles traveling **southbound from Parkerville Road**, please use the following signed detour route:

- From Parkerville Road northbound, turn right onto Route 9 eastbound. Take the exit onto Route 85 South/Cordaville Road and continue onto Cordaville Road. Turn right onto River Street and then turn right onto Southville Road to continue to your destination.
