### Testing highly recommended for:

- **People who have symptoms:** If you have symptoms of COVID-19, talk to a healthcare provider and get tested.
- **People who have been a close contact to someone with confirmed or suspected COVID-19 (a case) within the last 14 days.** Even if your test is negative, you will still need to complete your quarantine.
- **People with or without symptoms who are part of an outbreak response or contact investigation in high-risk settings**, such as nursing homes, congregate living facilities, correctional facilities, or persons experiencing homelessness.
