CYBERSECURITY AND INFRASTRUCTURE SECURITY AGENCY PUBLISHED FACT SHEETS

Cybersecurity and Infrastructure Security Agency (CISA) has released two fact sheets to highlight threats against accounts and systems using certain forms of multifactor authentication (MFA). CISA strongly urges all organizations to implement phishing-resistant MFA to protect against phishing and other known cyber threats. Alternatively, if an organization using mobile push-notification-based MFA is unable to implement phishing-resistant MFA, CISA recommends using number matching to mitigate MFA fatigue. Although number matching is not as strong as phishing-resistant MFA, it is one of the best interim mitigation steps for organizations who may not immediately be able to implement phishing-resistant MFA. The fact sheets can be accessed using the links below.

FOURTH QUARTER 2022 COMMUNITY BANK SENTIMENT INDEX

The Conference of State Bank Supervisors (CSBS) is now collecting data for the fourth quarter 2022 Community Bank Sentiment Index (CBSI) survey. The CBSI quarterly results provide essential local level perspective of the nation's economic outlook. The third quarter 2022 CBSI results showed slight improvement from community bankers than earlier in 2022. Compared to the previous quarter, the sentiment index increased 7 to 91 points.

The CBSI captures on a quarterly basis what community bankers nationwide think about the future. Participant answers are analyzed and compiled into a single number; an index reading of 100 indicates a neutral sentiment. Anything above 100 indicates a positive sentiment, and anything below 100 indicates a negative sentiment.

The fourth quarter 2022 data collection will continue through the month of December. The full survey takes less than five minutes to complete. Results will be released in early January 2023. Your response to seven core questions will give a sense of how community bankers feel about the economic outlook. Your input to a few demographic questions and business plan questions will provide critical insights by size and geography.

No preparation is necessary for this survey. Just open the link <https://www.questionpro.com/a/TakeSurvey?tt=PUN9p9SYLLEECHrPeIW9eQ%3D%3D> and answer the questions about your thoughts on the economy.

For more information about the CBSI, visit: <https://www.csbs.org/cbindex>. The Department values your perspective on what is happening at the local level. Collectively, the input of community banks helps show the expectations for the future of the economy overall.
