

# Southeast Special Area Study

The Southeast Special Area Study is a long-range planning study focused on the future land use, conservation and natural resources, transportation, and public utility infrastructure of approximately 18 square miles in southeast Wake County.

## REVIEW DRAFT RECOMMENDATIONS!

Last year, we heard from the community your vision and priorities for the study area:

- Preserve natural resources and rural character
- Improve travel for motorists, cyclists and pedestrians
- Improve access to shopping and destinations

The next step is to present draft study recommendations. This is where you come in! We want to hear your opinion. How well do the recommendations address the community vision? **To view the draft recommendations and take the survey, visit [raleighnc.gov](http://raleighnc.gov) and search "SE Study".**

## MARK YOUR CALENDARS!

In addition to the survey, mark your calendars for upcoming events. This is your opportunity to ask questions and give input on the study's recommendations.

For information on how to join the virtual informational meetings, visit [raleighnc.gov](http://raleighnc.gov) and search "SE Study".

Saturday, June 5

9 – 11 AM

Q&A at Triangle Land Conservancy's Bailey and Sarah Williamson Preserve

PLANNING AND DEVELOPMENT

# Southeast Special Area Study

## WHAT'S NEXT?

Once we hear from the community, staff will compile the feedback into a final study report. This will be presented to Raleigh City Council, who will consider adoption of the study.

## WANT TO RECEIVE EMAIL ALERTS?

Visit [raleighnc.gov](http://raleighnc.gov) and search "SE Study" to find the Southeast Special Area Study webpage. Provide your email under 'Subscribe'. This will sign you up for periodic project updates.

## HAVE QUESTIONS?

Reach out to project manager Don Belk, 919-996-4641, [Donald.Belk@raleighnc.gov](mailto:Donald.Belk@raleighnc.gov)
