SCHEDULE FOR PUBLIC MEETINGS - FIRST ROUND

The following is a schedule of regional public meetings to be held virtually. This list in no way represents or correlates with how congressional or legislative districts may be drawn. It is solely a means of dividing up the state for public meeting purposes. This is the first round of public meetings prior to any final data being received from the Census Bureau for the purposes of redistricting. These meetings are meant to serve as a listening tour for the Commission to hear the concerns and questions of Marylanders as to the redistricting process. While these meetings are listed regionally, any individual unable to attend a meeting or who would prefer to participate in a meeting of another region should feel free to do so. All meetings are scheduled for 6:00 to 8:00 p.m.
