The [North Carolina Council for Exceptional Children](#) is a professional association of educators dedicated to advancing the success of children with exceptionalities. We accomplish our mission through advocacy, standards, and professional development. Our goal is to provide meaningful professional development and advocate for individuals with exceptionalities.

We will hold our 35<sup>th</sup> Annual Conference on 2/25 – 2/26/22 online.

Our conference sessions will be focused on interventions and/or training that reflect visionary opportunities and quality education for students with disabilities across educational settings, home, community, and workplace settings which reflect the best thinking in the field informed by research, and practice.

We invite all educators, parents and other key stakeholders involved in the education of children **with and without disabilities** to take advantage of this very low cost professional development experience!
