Classes vary in length of time. Please be sure to block the entire session time in your calendar. If you are not present during the whole training session, you will not receive certification.

You must sign in upon arrival and turn in a completed inspector training form to receive certification for your training.

Please note that Receiving Board Training is an additional training option and does not earn an election inspector certificate. However, you will still be required to sign in and submit a form so your local City or Township clerk can track your training.
