For information on the nursing home's plan to correct this deficiency, please contact the nursing home or the state survey agency.

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)
F 0600 **Level of harm -** Immediate jeopardy **Residents Affected -** Many	**Protect each resident from all types of abuse such as physical, mental, sexual abuse, physical punishment, and neglect by anybody.** **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** COMPLAINT # NJ 5 Based on observations, interviews, review of the Medical Records (MR), and other pertinent facility documentation on 6/8/2020, it was determined that the facility staff failed to ensure a resident was protected from actual abuse, as well as, failed to follow the Facility's Policies titled Resident Abuse Policy and Abuse Prevention Program, to prevent abuse and report abuse after the incident, for 1 of 5 residents sampled, (Resident #2), when on 6/3/2020 as viewed on the Facility's Security Camera, Resident #2 was roughly handled when a staff member forcefully pulled back the resident's wheelchair causing the resident to fall forward out of the chair, subsequently fell to the floor, and sustained an abdominal injury. A second staff member then forcefully grabbed the resident by the upper arm, causing the resident to be held down in the wheelchair while the 1st staff member roughly pushed the resident backwards in the wheelchair returning the resident to their room. The resident was sent to the hospital complaining of chest pain and was admitted on [DATE], with a [DIAGNOSES REDACTED]. This deficient practice placed Resident #2 and all other residents who were at risk for abuse in an Immediate Jeopardy (IJ) situation. The IJ was identified on 6/8/2020 at 6:58 p.m., when the Facility's Regional MDS (Minimum Data Set) Coordinator (RC) and the Regional Nurse Consultant (RNC), were notified of the IJ and were provided the IJ template. The IJ ran from 6/3/2020 through 6/10/2020 at 11:52 a.m., and was lifted when the facility provided an acceptable Removal Plan. This deficient practice was further evidenced by the following: 1. According to the Face Sheet, Resident #2 was admitted to the Facility originally on 12/20/2017, and readmitted on [DATE], with [DIAGNOSES REDACTED]. Review of the Minimum Data Set (MDS), an assessment tool dated 3/30/2020, revealed Resident #2 had a Brief Interview for Mental Status (BIMS) score of 14/15, indicating Resident #2 was cognitively intact. The MDS also indicated Resident #2 needed only supervision for Activities of Daily Living (ADLs). Review of the Resident Plan of Care (CP) dated 1/24/2020, revealed a Smoking history. The Goals listed included but were not limited to: The resident will continue to smoke safely. The interventions included but were not limited to: Resident may smoke unsupervised. Further review of the CP revealed Resident #2 had a history of [REDACTED]. 2. According to the Face Sheet Resident #4 was admitted to the facility on [DATE], with [DIAGNOSES REDACTED]. Review of the MDS an assessment tool dated 4/20/2020, revealed Resident #4 had a Brief Interview for Mental Status (BIMS) score of 12/15, indicating Resident #4 had moderate cognitive impairment. The MDS also indicated Resident #4 needed only supervision for Activities of Daily Living (ADLs). Review of Resident #4 Interdisciplinary Care Plan with a last review date of 10/16/2018, revealed under Behavior/Mental that the resident was alert and oriented. Review of the Resident Plan of Care (CP), undated, revealed a Problem listed: Prefers the quiet and comfort of his own room. 3. During an interview on 6/8/2020 at 12:21 p.m., Resident #2 reported that on 6/3/2020, during the evening, he/she went to the nursing station and requested to go out for a smoke. The resident stated there was an argument between him/her and the guy at the nursing station (Behavioral Tech#1.) BT#1 kept telling the resident to go back to his/her room. When the resident refused to go to their room, the staff member (BT#1) came behind him/her and pushed the resident from the wheelchair. The resident reported he/she fell forward to the floor and hit his/her stomach. After the fall there was a verbal argument between the resident and the staff member. The resident then reported he/she was pushed a second time and fell again when the staff member pulled his/her arm. The resident reported the following to the nurse, He pushed me and I'm in pain, having chest pain, I need to go to the hospital it hurts. According to the resident, the nurse looked at his/her stomach. I remember the nurse said to the guy, (staff member) Leave the guy alone. The resident reported the nurse sent him/her to the hospital on [DATE] and he/she had lots of test and was given pain medications During the interview on 6/8/2020 at 12:21 p.m. Resident #2 showed this writer his abdomen. Observed was a discoloration to the abdomen approximately 6 by 6 inches to the left upper quadrant (LUQ) and a discoloration below the navel approximately 3 by 3 inches. Resident #2 pointed to the discoloration of the abdomen and stated, this is what he did, referring to the BT#1. During an interview on 6/8/2020 at 12:40 p.m., Resident #4 (Resident #2's room-mate) stated that on 6/3/2020 in the evening, there was some noise outside the room, and he/she witnessed a staff member pushing Resident #2 twice. Resident #4 also stated, I heard him/her yell when he/she fell , and he/she complained of a lot of pain. Resident #4 then stated, he/she heard the nurse say they were going to send Resident #2 to the hospital. Review of the Facility's Nurse's Notes dated 6/3/2020, untimed, the nurse documented the following: Resident #2 complained of general ill health with mild shortness of breath, the staff applied oxygen and vital signs were checked. The doctor was made aware and the nurse received an order to send the resident to the hospital for an evaluation. The documentation was signed by the Regional Nurse Consultant (RNC). Review of the Physician Order Sheet (POS), dated 6/3/2020, untimed, the nurse documented a physician's order (PO) to send Resident #2 to the emergency room (ER) for an evaluation and treatment which was signed by the RNC. According to the Incident Report dated 6/3/2020 at 4:30 a.m., documented under Describe exactly what happened, The Licensed Practical Nurse (LPN #1) documented the following: The resident was in the hallway (after being warned) the Behavior Techs (BTs), were attempting to return the resident to his/her room. Under Type of Injury, Hematoma was checked. On the body diagram the LPN placed a mark to the left upper quadrant area to indicate where the hematoma was on the body. LPN #1 also reported Resident #2's level of consciousness as AAOx3 (alert and oriented times 3) which refers to a patient who is responsive to his or her environment (alert), and knows person, place and time. During an interview on 6/8/2020 at 12:53 p.m., the Regional MDS Coordinator (RC) reported, that she had no knowledge of any allegation of staff to resident abuse in the facility on 6/3/2020. The RC also verified at that time that she was the nurse that wrote the PO on the POS to transfer the resident to the ER, it was a late entry. I told the nurse when someone goes out you need to write the order. I don't remember who I said it to. The RC further stated that she was not sure if the incident was investigated. It would be the responsibility of the nurse on duty, the supervisor, and the Director of Nursing (DON) to complete an investigation of any alleged abuse. During an interview on 6/8/2020 at 1:00 p.m., the Facility's RNC reported, that she had no knowledge of any alleged abuse, staff to resident, in the facility on 6/3/2020. In addition, she stated the facility does not have a night Supervisor, but someone would be designated as the Charge Nurse. of the Facility. In addition, the RNC reported the DON has been out since 5/28/2020. During an interview on 6/8/2020 at 2:52 p.m., the Admission Office Director (AOD) reported that the hospital social worker calls the Facility to let them know when a resident is ready to be discharged and returned back to the facility. During an interview on 6/8/2020 at 2:56 p.m., the Admission Assistant (AA) reported that she spoke to someone at the hospital on [DATE]. The hospital representative stated Resident #2 agreed to return to the facility if the employee who hurt him was no longer employed there. The AA also identified the employee by his name (BT #2) and stated she spoke to the nurse on C unit regarding the resident's return but was unable to identify the nurse by name. During an interview on 6/8/2020 at 3:25 p.m., the Registered Nurse (RN)/Supervisor reported that she was informed by another staff member on 6/4/2020 of the altercation between a resident and a staff member on 6/3/2020. The RN stated, that

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)
F 0600 **Level of harm -** Immediate jeopardy **Residents Affected -** Many	(continued... from page 1) she was informed that the resident was belligerent and fell out of his wheelchair and was later sent to the hospital with bruises. She also stated that the BTs were involved in the incident. In addition, the RN stated she viewed the incident report and when the resident returned to the facility from the hospital the resident showed her the bruises. The RN was unable to say if anyone reported the incident to Administration and that she did not report it. The RN/Supervisor also verified that she was in-serviced on abuse when she started working at the facility last November. During an interview on 6/8/2020 at 3:42 p.m., BT #2 reported that on 6/3/2020, he heard the nurse arguing with Resident #2, around 3:00 or 4:00 a.m.,he/she wouldn't wear a mask. The nurse then asked him to assist her to wheel the resident back to their room. The resident was being uncooperative when they attempted to take him/her back to their room. I did not put my hands on him at all. When they reached the doorway, the resident stood up and BT #2 reported he grabbed the resident for safety, but the resident did hit the railing with the right side of the body and upper arm. BT #2 also stated, He grabbed the resident's arm when he/she stood up for safety, so the resident did not fall. BT#2 also verified that he was in-serviced on abuse one month prior. Review of the Facility's Security Camera recording on 6/8/2020 at 4:30 p.m., with the RNC, revealed the following: Resident #2 was observed entering the hallway from his/her room at 2:34 a.m., the resident self-propelled the wheelchair (w/c) towards the nursing station, a few seconds later the resident returned to their room. At 2:46 a.m., Resident #2 again propels the wheelchair back down the hall towards the nursing station. Observed on the video, a few seconds later Resident #2 was sitting in the w/c and BT #1 steps behind the w/c and forcefully pulls the w/c back causing the resident to fall forward onto the floor. A few seconds later Resident #2 was observed back in his w/c after the fall, and BT #2 forcefully grabbed the resident's left upper arm pulling him/her by the arm while BT #1 stood in front of the w/c and forcefully pushed the resident backwards towards their room. Once the staff returned the resident to the room two other staff members appear in view of the camera and walk down the hall to the resident's room. The Facility Administration was able to identify all four staff members present during the incident. During an interview on 6/8/2020 at 5:00 p.m., BT #2 identified himself on the Facility's Security Camera as the one who grabbed Resident #2's arm and forcefully pulled the resident to the room. BT #2 stated, I told you I did grab him/her. When asked: Was it with force? BT #2 responded, I guess it was. BT #2 also admitted he took the resident back to their room against his/her will. During an interview on 6/8/2020 at 5:28 p.m., the Facility's RC and RNC agreed that it was inappropriate for the nurse to document after being warned on the incident report because it could be considered verbal abuse. In addition, the RNC reported Peggy's Law should have been implemented after the incident as well as, the nurse should have done a head to toe assessment on the resident, sent all four involved home, then called 911 for allegations of abuse. In addition, the doctor should have been notified and statements should have been obtained from the resident and all witnesses also the Charge Nurse on the shift should have been notified of the incident. Review of the Hospital's History and Physical (H&P) dated 6/3/2020, revealed the following documentation by the Physician, under History of Present Illness, . presents with abdominal pain. Patient stated he/she was angry because he/she wanted to go outside to get some fresh air. He/she was being quarantined due to testing COVID positive 4 days ago. The patient stated The guy wouldn't let him/her leave then pushed him/her while in the wheelchair, and he/she fell on to the ground hitting his abdomen. The resident reported pain to the left upper quadrant (LUQ) where a hematoma/abrasion was noted on the abdomen. The resident also complained of left lower chest pain The H&P further showed under Physical Exam, Abdomen: Soft, tender at the hematoma site. . Bruised area on left upper quadrant as well as mid abdominal area. Review of the Hospital Records CAT (Computed Tomography) Scan date 6/3/2020 at 5:51 a.m., revealed the following results: Abdominal Wall: Mild fat stranding of the subcutaneous fat along the left anterior abdominal wall, likely representing mild posttraumatic soft tissue contusion. Under Impression: 2. Mild soft tissue contusion along the left anterior abdominal wall. Review of the Hospital Records Nursing Documentation on 6/4/2020 and 6/5/2020, the nurses documented the following on Resident #2: Pt (patient) yelling out in pain when changed position in bed from side to side. Pt complaining of pain on bruising on abdomen. Pt refused Tylenol LUQ bruise remains tender to palpation. Pt refused Tylenol. Review of the Facility's Nurse's Notes revealed documentation on 6/6/2020 at 5:15 p.m., that Resident #2 returned from the hospital and was readmitted to the Facility. Review of the Police Investigation Report dated 6/10/2020 at 8:20 a.m., the Patrolman (PM), documented he was dispatched to the Facility for an assault on a patient by an employee. The PM spoke to the Facility's RNC who informed him that Resident #2 was assaulted by 2 nursing aids which resulted in the resident having to go to the hospital for injuries. The PM reviewed the video recording of the incident with the RNC and documented the incident. The PM was given the names of the employee's involved however, after speaking with Resident #2 who confirmed his/her injuries with the PM, the resident stated he/she did not want any further police involvement and the resident confirmed he/she was satisfied the Aides were relieved of their employment at the facility. Review of the facility policy titled Abuse Prevention Program, with a review date of 4/20/2020, under Policy Statement, listed the following: Our residents have the right to be free from abuse, neglect, misappropriation of resident property and exploitation. This includes but is not limited to freedom from corporal punishment, involuntary seclusion, verbal, mental, sexual or physical abuse, and physical or chemical restraint not required to treat resident's symptoms. Review of the Facility's Resident Abuse Policy undated, which was signed by BT#1 on 4/13/2020, BT#2 on 5/5/2020, BT#3 on 4/4/2020, and BT#4 on 4/13/2020, and found in their employee file as in-serviced. The Policy included but was not limited to the following: It is the policy of the facility to take appropriate steps to ensure that all alleged violations of Federal or State laws which involve mistreatment, neglect or abuse (verbal, sexual, physical and mental), and misappropriation of resident property (alleged violations) are reported to the Administrator of the Facility. Anyone witnessing or suspecting any type of abuse towards a resident by any individual, including staff, family, . will immediately, report the violation to the supervisor on duty. This form was signed by the four BT's indicating that they had read and understood the resident abuse policy and knew their responsibilities regarding preventing resident abuse and reporting requirements. Resident #2 was roughly handled when a staff member forcefully pulled back the wheelchair causing Resident #2 to fall forward out of the wheelchair, and subsequently fell to the floor, and sustained an abdominal injury. A second staff member then forcefully grabbed the resident by the upper arm causing the resident to be held down in the wheelchair while the other member roughly pushed the resident backwards in the wheelchair returning him/her to their room against their will. The resident was sent to the hospital requiring treatment of [REDACTED]. The resident was admitted to the hospital on [DATE], with a [DIAGNOSES REDACTED]. This deficient practice placed Resident #2 and all other residents who were at risk for abuse in an Immediate Jeopardy (IJ) situation. The IJ was identified on 6/8/2020 at 6:58 p.m., when the Facility's Regional MDS Coordinator (RC), and the Regional Nurse Consultant (RNC), were notified of the IJ and were provided the IJ template. The IJ ran from 6/3/2020, through 6/10/2020 at 11:52 a.m., and was lifted when the facility provided an acceptable Removal Plan. A revisit to verify the Removal Plan occurred on 6/12/2020. NJAC: 8:39-4.1 (a) 5
F 0609 **Level of harm -** Minimal harm or potential for actual harm **Residents Affected -** Many	**Timely report suspected abuse, neglect, or theft and report the results of the investigation to proper authorities.** **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** COMPLAINT # NJ 5 Based on interviews, review of the Medical Records (MR), and other pertinent facility documentation on 6/8/2020, it was determined that the facility staff failed to report an allegation of abuse to the New Jersey Department of Health (NJDOH), as well as follow their own facility policy titled Abuse Investigation and Reporting, for 1 of 5 sampled residents (Resident #2) reviewed for incidents. This deficient practice is evidenced by the following: 1. According to the Face Sheet, Resident #2 was admitted to the Facility originally on 12/20/2017, and readmitted on [DATE], with [DIAGNOSES REDACTED]. Review of the Minimum Data Set (MDS), an assessment tool dated 3/30/2020, revealed Resident #2 had a Brief Interview for Mental Status (BIMS) score of 14/15, indicating Resident #2 was cognitively intact. The MDS also indicated Resident #2 needed only supervision for Activities of Daily Living (ADLs). Review of the Incident Report dated 6/3/2020 at 4:30 a.m., The Licensed Practical Nurse (LPN #1) documented the following: The resident was in the hallway (after being warned), the Behavior Techs (BTs), were attempting to return the resident to his/her room. Under Type of Injury, Hematoma was checked. On the body diagram the LPN placed a mark to the left upper quadrant area to indicate where the hematoma was on the body. There was no documentation on the form to indicate the Nursing Supervisor or Administration was notified of the incident. During an interview on 6/8/2020 at 12:21 p.m., Resident #2 reported on 6/3/2020, he had an argument with a staff member (Behavioral Tech#1) about staying in his room. When the resident refused, 2 staff members (BTs) became aggressive with the resident and pushed the resident from the wheelchair. The resident reported he/she fell on to to the floor and injured his/her stomach. The resident reported he was pushed a second time and fell again. The resident stated

(X4) ID PREFIX TAG	SUMMARY STATEMENT OF DEFICIENCIES (EACH DEFICIENCY MUST BE PRECEDED BY FULL REGULATORY OR LSC IDENTIFYING INFORMATION)
F 0609 **Level of harm** - Minimal harm or potential for actual harm **Residents Affected** - Many	(continued... from page 2) he/she reported the incident to the nurse and asked to go to the hospital for pain and an injury to the abdomen. According to the resident the nurse looked at his/her stomach. Resident #2 also stated, I remember the nurse said to the guy (BT), Leave the guy alone. The resident was sent to the hospital on [DATE], and admitted with a [DIAGNOSES REDACTED]. During an interview on 6/8/2020 at 12:53 p.m., the Facility's Regional MDS Coordinator (RC) reported she had no knowledge of any allegation of staff to resident abuse in the facility on 6/3/2020. She also stated it is the policy of the facility to report any abuse allegations to the NJDOH however, she was not aware of any abuse. During an interview on 6/8/2020 at 2:56 p.m., the Admission Assistant (AA) reported, that she spoke to someone at the hospital on [DATE]. The hospital representative stated Resident #2 agreed to return to the facility if the employee who hurt him was no longer employed there. The AA also identified the employee by his name (BT #1) and stated she spoke to the nurse on C unit regarding the resident's return but was unable to identify the nurse by name. During an interview on 6/8/2020 at 3:25 p.m., the 3-11 Registered Nurse (RN)/Supervisor stated, that she was informed by another staff member on 6/4/2020, of the altercation between a resident and a staff member on 6/3/2020. She also stated she saw the incident report, and after the resident returned from the hospital the nurse saw the bruises to the abdomen. The RN was unable to say if anyone reported the incident to Administration and that she did not report it because she was not there when it happened. During an interview on 6/8/2020 at 4:20 p.m., the Assistant Director of Nursing stated the following: After the incident report was completed by the nurse, she should have reported the incident to the Supervisor. The Supervisor should have started an investigation and reported the incident to the Administration. During an interview on 6/8/2020 at 5:28 p.m., the Facility's Regional Nurse Consultant (RNC) reported, that Peggy's Law should have been implemented after the incident as well as, the nurse should have done a head to toe assessment on the resident, sent all four staff members involved home, and called 911 for allegations of abuse. In addition, the doctor should have been notified and statements should have been obtained from the resident and all witnesses, also the Charge Nurse on the shift should have been notified of the incident and the New Jersey Department of Health (NJDOH) should have been notified. Post survey, a Facility Reportable Event (FRE) Form was sent to the NJDOH by the Facility via fax on 6/10/2020, reporting the abuse incident. Review of the facility policy titled Abuse Investigation and Reporting, with a review date of 4/20/2020, under Policy Statement, listed the following: All reports of resident abuse, neglect, exploitation, misappropriation of resident property, mistreatment and/or injuries of unknown source (abuse) shall be promptly reported to local, state and federal agencies (as defined by current regulations) and thoroughly investigated by facility management. Findings of abuse investigations will also be reported. N.J.A.C. 8:39-9.4
F 0610 **Level of harm** - Minimal harm or potential for actual harm **Residents Affected** - Many	**Respond appropriately to all alleged violations.** **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** COMPLAINT # NJ 5 Based on interviews, review of the Medical Records (MR), and other pertinent facility documentation on 6/8/2020, it was determined that the facility staff failed to investigate an allegation of abuse, as well as, failed to follow the facility policy titled Abuse Investigation and Reporting, for 1 of 5 sampled residents (Resident #2). This deficient practice is evidenced by the following: 1. According to the Face Sheet, Resident #2 was admitted to the Facility originally on 12/20/2017, and readmitted on [DATE], with [DIAGNOSES REDACTED]. Review of the Minimum Data Set (MDS), an assessment tool dated 3/30/2020, revealed Resident #2 had a Brief Interview for Mental Status (BIMS) score of 14/15, indicating Resident #2 was cognitively intact. The MDS also indicated Resident #2 needed only supervision for Activities of Daily Living (ADLs). During an interview on 6/8/2020 at 12:21 p.m., Resident #2 reported on 6/3/2020, he had an argument with a staff member (Behavioral Tech#1). The staff member (BT#1) kept telling the resident to go back to his/her room. When the resident refused, the staff member went behind the wheelchair and pushed the resident from the chair. The resident reported he fell forward to the floor and hit his/her stomach. After the fall there was a verbal argument between the resident and the staff member. The resident then reported he was pushed a second time and fell again. The resident reported the incident to the nurse, and asked to go to the hospital stating, he/she had pain and an injury to the abdomen. According to the resident the nurse looked at his/her stomach. Resident #2, also stated, I remember the nurse said to the guy, Leave the guy alone. The resident was sent to the hospital on [DATE] and admitted with a [DIAGNOSES REDACTED]. An investigation was started by the Administration on 6/08/2020 the day of the survey. It was determined by review of the Facility's Security Cameras the incident occurred on 6/3/2020 at 2:46 a.m., four staff members were involved and identified. The Facility notified the Local Police on 6/10/2020. During an interview on 6/8/2020 at 5:28 p.m., the Facility's Regional Nurse Consultant (RNC) reported, that Peggy's Law should have been implemented after the incident as well as, the nurse should have done a head to toe assessment on the resident, sent all four staff members involved home, and called 911 for allegations of abuse. In addition, the doctor should have been notified and statements should have been obtained from the resident and all witnesses, also the Charge Nurse on the shift should have been notified of the incident and started an investigation. Post survey a Facility Reportable Event (FRE) Form was sent to the NJDOH by the Facility via fax on 6/10/2020, reporting the abuse incident. Review of the Police Investigation Report dated 6/10/2020 at 8:20 a.m., the Patrolman (PM), documented he was dispatched to the Facility for an assault on a patient by an employee. The PM spoke to the Facility's RNC who informed the PM that Resident #2 was assaulted by 2 staff members which resulted in the resident having to go to the hospital for injuries. The PM reviewed the video recording of the incident with the RNC and documented the incident. The PM was given the names of the 4 employee's involved however, after speaking with Resident #2 who confirmed his/her injuries with the PM, the resident stated he/she did not want any further police involvement and the resident confirmed he/she was satisfied the 4 staff members were relieved of their employment at the facility. Review of the facility policy titled Abuse Investigation and Reporting, with a review date of 4/20/2020, under Policy Statement, listed the following: All reports of resident abuse, neglect, exploitation, misappropriation of resident property, mistreatment and/or injuries of unknown source (abuse) shall be promptly reported to local, state and federal agencies (as defined by current regulations) and thoroughly investigated by facility management. Findings of abuse investigations will also be reported. N.J.A.C. 8:39-9.4
F 0657 **Level of harm** - Minimal harm or potential for actual harm **Residents Affected** - Few	**Develop the complete care plan within 7 days of the comprehensive assessment; and prepared, reviewed, and revised by a team of health professionals.** **NOTE- TERMS IN BRACKETS HAVE BEEN EDITED TO PROTECT CONFIDENTIALITY** COMPLAINT # NJ 5 Based on interviews, review of the Medical Records (MR), and other pertinent facility documentation on 6/8/2020, it was determined the facility staff failed to update and/or revise a resident's Care Plan (CP) to address the needs of the resident to include mood and behavior problems and implement appropriate interventions for safety, for 1 of 5 residents sampled (Resident #2), as well as failed to follow the facility's policy titled Using the Care Plan. This deficient practice was evidenced by the following: 1. According to the Face Sheet, Resident #2 was admitted to the Facility originally on 12/20/2017 and readmitted on [DATE], with [DIAGNOSES REDACTED]. Review of the Minimum Data Set (MDS), an assessment tool dated 3/30/2020, revealed Resident #2 had a Brief Interview for Mental Status (BIMS) score of 14/15, indicating Resident #2 was cognitively intact. The MDS also indicated Resident #2 needed only supervision for Activities of Daily Living (ADLs). Review of the Facility document untitled and dated December 2019, which is a monthly review sheet completed by the nurse to monitor a residents target behaviors for prescribed psych medications (meds), the documentation showed the following [DIAGNOSES REDACTED]. Review of the Resident Plan of Care (CP), undated, revealed Problems of aggression and mood stabilization. The Goals listed included but were not limited to: The resident will exhibit less aggression and outburst The interventions included but were not limited to: Psychology consults, Social worker will visit 1:1 as needed to provide emotional support and encourage resident to verbalize feelings about being a resident at the Facility. The last review date on the behavior CP was 9/27/2019. However, there were no documentation to address the number of episodes of Target Behaviors as listed on the behavior monitoring forms for December 2019 and January 2020. Review of the Facility's Policy titled Using the Care Plan, with a review date of 9/2/2019, under Policy Statement listed the following: The Care Plan shall be used in developing the resident's daily care routines and will be available to staff personnel who have responsibility for providing care or services to the resident. The Unit Manager along with the Interdisciplinary team is responsible to update Care Plans. N.J.A.C. 8:39-11.2 (2)
