SUPPLEMENTARY INFORMATION:

Background. The EPA approved the State of Nevada's original application for PWSS program primary enforcement authority on February 27, 1978 (43 FR 8030). Primacy states such as Nevada must adopt and submit for approval to EPA all new and revised national primary drinking water regulations. Since that initial approval, EPA has worked with Nevada to review and approve various revisions to Nevada's primacy program. For the revisions covered by this action, the EPA promulgated revisions to the Federal Lead and Copper Rule with the Minor Revisions on January 12, 2000 (65 FR 1950) and the Short-Term Revisions on October 10, 2007 (72 FR 5778). Nevada originally incorporated by reference the requirements of the federal Lead and Copper Rule, 40 CFR part 141 Subpart I, directly into the Nevada Administrative Code (NAC), and EPA approved those revisions on July 21, 1996 (61 FR 29748). Nevada updated the NAC with a rulemaking made effective July 22, 2010 that expanded the incorporation by reference of the Federal Lead and Copper Rule to include the Minor and Short-Term Revisions, with language sufficient to meet the federal requirements. These are the primacy revisions that the EPA Region 9 tentatively approves as part of the Nevada's PWSS Program.

Public Process. Any interested party may request a public hearing on this determination. A request for a public hearing must be submitted by February 5, 2020, to the Regional Administrator of EPA Region 9, to the address shown above. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. If a substantial request for a public hearing is made by February 5, 2020, EPA Region 9 will hold a public

hearing. Any request for a public hearing shall include the following information: 1. The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; 2. A brief statement of the requesting person's or organization's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and 3. The signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

If EPA Region 9 does not receive a timely and substantive request for a hearing and the Regional Administrator does not elect to hold a hearing on his own motion, the determination at issue in this notice, the EPA's approval shall become final and effective on February 5, 2020, and no further public notice will be issued.

Authority: Section 1413 of the Safe Drinking Water Act, 42 U.S.C. 300g-2 (1996), and 40 CFR part 142 of the National Primary Drinking Water Regulations.

Dated: December 17, 2019.

Deborah Jordan,

Acting Regional Administrator, EPA, Region 9.

SUPPLEMENTARY INFORMATION:

Background: The Advisory Board was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines which have been promulgated by the Department of Health and Human Services (HHS) as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC). In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The Advisory Board's charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on February 12, 2018, and will terminate on February 12, 2020.

Purpose: This Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advising the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters To Be Considered: The agenda will include discussions on: Work Group and Subcommittee Reports; Update on the Status of SEC Petitions; Plans for the April 2020 Advisory Board Meeting; and Advisory Board Correspondence. Agenda items are subject to change as priorities dictate.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal**

Register notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

SUPPLEMENTARY INFORMATION: This meeting is being held in accordance with Presidential Executive Order No. 13175, November 6, 2000, and the Presidential Memorandum of November 5, 2009, and September 23, 2004,

Consultation and Coordination with Indian Tribal Governments.

Purpose: The purpose of the TAC meeting is to advance CDC/ATSDR support for and collaboration with American Indian and Alaska Native (AI/AN) tribal nations and to improve the health of AI/AN people by pursuing goals that include assisting in eliminating the health disparities faced by tribal nations; ensuring that access to critical health and human services and public health services is maximized to advance or enhance the social, physical, and economic status of AI/AN people; and promoting health equity for all AI/AN people and communities. To advance these goals, CDC/ATSDR conducts government-to-government meetings with elected tribal officials or their authorized representatives. These meetings offer open and free exchange of information and opinion among parties that leads to mutual understanding.

Information about the TAC, CDC/ATSDR's Tribal Consultation Policy, and previous meetings is available at <https://www.cdc.gov/tribal/consultation-support/tribal-consultation/sessions.html>.

Matters To Be Considered: The agenda will include discussions on tribal priorities for CDC and ATSDR, public health capacity in Indian Country, and programmatic highlights. AI/AN tribal nations also will have an opportunity to present testimony about tribal health issues. All tribal leaders are encouraged to submit written testimony by 5:00 p.m. (EST) Friday, February 21, 2020, to Captain Carmen Clelland, Director, Office of Tribal Affairs and Strategic Alliances, via mail at 4770 Buford Highway, Mailstop V18-4, Atlanta, GA 30341-3717, or by email to TribalSupport@cdc.gov. Guidance for developing tribal testimony for CDC/ATSDR is available at www.cdc.gov/tribal/consultation-support/tac/index.html. Based on the number of tribal leaders giving testimony and the time available, it may be necessary to limit the time for each presenter. Agenda items are subject to change as priorities dictate.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and
