## UNDERSTANDING DIVERSITY IN STEM

*Women, Minorities, and Persons with Disabilities in  
Science and Engineering: 2021 (WMPD)*

[nces.nsf.gov/wmpd](https://nces.nsf.gov/wmpd)

### Recognize

- The gains that have been made and gaps that remain.

### Celebrate

- The stories of women, minorities, and persons with disabilities in STEM making a difference in our communities and around the world.
- The organizations creating opportunity and empowering the next generation of women, minorities and persons with disabilities in STEM.

### Build

- New ways to empower a more diverse and dynamic STEM workforce.

Highlights from the 2021 WMPD report and other useful information are available in our digital toolkit. To receive a copy, contact Crystal Coleman at [crcolema@associates.nsf.gov](mailto:crcolema@associates.nsf.gov).

Sponsored by the National Center for Science and Engineering Statistics (NCSES) within the Directorate for Social, Behavioral and Economic Sciences at the National Science Foundation.
