PHASING PLAN TRAFFIC ADVISORIES

This phasing plan shows roadway construction and does not include all bridge construction at Bonita Ave./Cataract Ave. Construction for the Bonita Ave./Cataract Ave. intersection is currently broken down into four phases:

Phase 2: Mid-June thru mid-Sept. 2021 - Bonita Ave traffic realigned. All traffic and pedestrian movements maintained.

Note: Between Phases 2 and 3, crews will relocate the freight track through the grade crossing, requiring a 5-day full closure of the intersection.

Phase 3: Mid-Sept. 2021 – June 2022 – Cataract Ave. fully closed for 9 months (Bonita Ave. to remain open in both directions as well as E/B Bonita Ave. to S/B Cataract Ave turn movement) See illustration above.

Phase 4: June 2022 thru August 2022 - Full intersection closure for 2 months. Access to downtown businesses maintained via detour.

Note: Bridge construction began during Phase 2 and will continue beyond Phase 4 of the traffic control and will not require additional full closures of Bonita Ave. & Cataract Ave. Monte Vista Ave. will remain open during all four phases of roadway construction. Additional construction notices will be distributed prior to the start of Phase 4.
