Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?  ☐ Yes ☐ No If Yes, explain:	
<b>Purpose:</b> The Department of Labor & Industries (L&I) continues to respond to 2021 legislation establishing employer requirements during a public health emergency for infectious and contagious diseases. The employer requirements a under Substitute Senate Bill 5254 (SSB 5254), codified as RCW 49.17.485, regarding voluntary use of personal protect equipment (PPE) and Engrossed Substitute Senate Bill 5115 (ESSB 5115), also known as the Health Emergency Lab Standards Act (HELSA) and codified as RCWs 49.17.062 and 49.17.064.	ctive
The emergency rule maintains requirements under new sections of chapter 296-62 WAC for when there is a public he emergency for an infectious or contagious disease and as such, the requirements are applicable to COVID-19. Under the emergency rule:	alth
* Employers with more than 50 covered employees at a workplace or worksite are required to report infectious or contagious disease outbreaks to L&I	
* Employees are not required to disclose any medical condition or diagnosis to their employer;  * Non-healthcare employers are required to notify employees, as well as their union representative (if any), in writing	g of
potential exposures within one business day;  * Employees and contractors must be permitted to voluntarily use personal protective equipment.	
In addition, this emergency rule now applies notification requirements to health care facilities as defined in RCW 9A.50 * Employers of health care facilities must notify any employee with known or suspected high-risk exposure to the infor contagious disease within 24 hours. With employee authorization, notification must also be sent to the employee's representative (if any) within 24 hours.	ectious
A CR-101 Preproposal Statement of Inquiry was filed on May 13, 2021 (WSR 21-11-05) and initiated the permanent rulemaking process for rules related to infectious diseases, to include when there is an outbreak subject to a public he emergency under a national or state declared state of emergency. This emergency rule supersedes WSR 22-01-047 December 7, 2021.

EMERGENCY RULE	
Under RCW 34.05.350 the agency for good cause finds:	
☑ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health	
safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon	n
adoption of a permanent rule would be contrary to the public interest.	
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediately adoption of a rule.	ate

Reasons for this finding: RCW 49.17.485 became effective April 26, 2021 and RCWs 49.17.062 and 49.17.064 became effective on May 11, 2021 requiring L&I to take action to implement both bills. On February 29, 2021, Governor Inslee proclaimed a statewide state of emergency to respond to the continuing spread of COVID-19 which resulted in a global pandemic, Proclamation 20-05. Subsequent proclamations have been issued related to the pandemic response, including those with restrictions on business activities under Proclamation 20-25, et. Seq., initially entitled "Stay Home, Stay Healthy" and the most recent amendment titled "Washington Ready" under Proclamation 20-25.19. Washington state is still in the midst of a public health state of emergency battling the COVID-19 pandemic. In addition, President Biden continued the national emergency concerning the COVID-19 pandemic with notice published in the Federal Register on February 23, 2022 (87 FR 10589).

These emergency rules are necessary to further respond to and diminish the spread of COVID-19, alert public officials to
