

# DRAWING State Legislative Districts

1. Read the criteria and operating procedures [mtredistricting.gov/participate](https://mtredistricting.gov/participate)

2. View submitted plans [mtredistricting.gov/legislative-map-submissions](https://mtredistricting.gov/legislative-map-submissions)

Examine submitted maps prior to drawing a new map. There is no need to submit a map identical to an existing one. Instead, provide comment on that map on the [public comment form](#) or to [districting@mt.gov](mailto:districting@mt.gov)

3. Visit a public mapping site:

- Dave's Redistricting App at [davesredistricting.org](https://davesredistricting.org)
- Districtr at [districtr.org](https://districtr.org)
- DistrictBuilder at [districtbuilder.org](https://districtbuilder.org) (maps drawn using this site won't have correct population numbers)

4. Draw 100 districts or try a regional plan. See general regions suggested by the commissioners for the public maps: [mtredistricting.gov/regional-public-hearings](https://mtredistricting.gov/regional-public-hearings)

5. Submit a link to your proposal using the [public comment form](#) or [districting@mt.gov](mailto:districting@mt.gov).

Include:

- Name, address, telephone number, and email address
- A description of goals for the plan
- The plan is statewide or focuses on a specific region or county. If it focuses on a specific region or county, please identify the region or county the commissioners should review

## **WATCH ONLINE ON AUGUST 2 WHEN COMMISSIONERS PROPOSE MAPS FOR PUBLIC HEARINGS**

### **Attend A Public Hearing To Comment On The Commissioners' Proposals**

#### WEST REGION HEARINGS
