

FEMA REGION II WEBINAR

Effective Interpersonal Communications

Tuesday April 21st, 2020 from 6PM – 7:30 PM ET

Please join the FEMA Region II National Preparedness Division for a webinar to help hone your interpersonal communication skills.

Effective communication skills are the pillars of building relationships, fostering teamwork, and increasing productivity and resilience. Skillful communication is also valuable when incorporating a trauma-informed approach when aiding communities affected by crisis. Discover the tools needed to enhance how you can improve your communications between each other and for those you serve.
