1.0 Introduction

1.1 Purpose and Scope

The District of Columbia Government implements the District Heat Emergency Plan when the National Weather Service (NWS) forecasts a temperature or heat index of 95°F or above. The purpose of the Heat Emergency Plan is to offer resources to residents, including those experiencing homelessness, and visitors to the District. The Heat Emergency Plan provides the operational status of the District Government's services and facilities when a Heat Emergency is declared.

The Department of Human Services (DHS), the Homeland Security and Emergency Management Agency (HSEMA), and the Interagency Council on Homelessness (ICH) coordinated the development of comprehensive guidance and resource information located in this plan and on the District's extreme heat webpage at heat.dc.gov. The site heat.dc.gov contains additional resource information including the most up-to-date cooling center map, heat safety information, and a link to the most updated version of this document.

2.0 Policies

2.1 Activation

When the temperature or heat index in the District reaches 95°F or above, District Government, through DHS, supported by HSEMA, will implement the Heat Emergency Plan, and operate cooling centers for residents and visitors to seek relief. Residents and visitors should take extra steps to beat the heat by staying in the shade or air-conditioning, drinking plenty of water, and visiting a cooling center. Periods of high heat and humidity can cause medical issues such as heat exhaustion and heat stroke. Please visit ready.dc.gov/extremeheat for tips to stay safe and cool during extreme heat events.

2.2 Additional Resource Support

The Heat Emergency Plan describes the general resources, policies, and procedures that are implemented by the District Government in the event of a heat emergency as defined in Section 2.1: Activation. This plan does not describe the full breadth of resources and capabilities that the District may provide in exigent cases of prolonged extreme heat, overnight extreme heat, or other emergent circumstances requiring enhanced coordination and support.

In cases where an extended heat emergency exists, for example anticipated overnight temperatures at or near 95°F for a period of approximately 48 hours, the District can provide enhanced agency-specific services as circumstances require. Enhanced supports beyond the scope of this plan may include but is not limited to enhanced emergency shelter operations, additional transportation supports to cooling centers, the extension of hours of operation of the sites and resources described in this plan, deployment of cooling buses to specific locations, or other supports and services, as necessary.

Homeless service providers should emphasize providing access to established facilities and support services, such as existing cooling facilities and transportation to shelters.

2.3 Illegal Use of Fire Hydrants

The Executive Office of the Mayor strictly prohibits the activation or opening of fire hydrants anywhere in the District for the purpose of street showering. Unauthorized use of a fire hydrant can interfere with firefighting capabilities or cause personal injury. DC Water and DC Fire and Emergency Medical Services (FEMS) officials remind the public that unauthorized use of fire hydrants is unlawful and can cause damage to the underground pipelines in the water distribution system.

3.0 Communication

3.1 Alert and Notification

Upon activation of a Heat Emergency, HSEMA in coordination with DHS, issues an alert via AlertDC. Outreach and service providers across the city are instructed to sign up for citywide Heat Emergencies, so that providers can spread information to District residents, visitors, and individuals experiencing homelessness. All individuals interested in receiving Heat Emergency notices via text or email can sign up for free alerts through AlertDC at alertdc.dc.gov or follow AlertDC on Twitter at www.twitter.com/alertdc.

When a Heat Emergency is activated, the United Planning Organization (UPO) command center will notify shelter staff of the alert so that shelter staff can prepare facilities and services accordingly. Additionally, UPO will coordinate notification to the public if cooling centers are non-operational; if, for instance, facilities require repair work to air conditioning or ventilation systems.

HopeOneSource is a text messaging application that allows District agencies and service providers to send text messages to registered users. HopeOneSource, through partnering providers, can also help individuals experiencing homelessness register for a free phone with free, unlimited text messages. Through the HopeOneSource app, District partners send out updates to alert consumers to weather conditions, shelter availability, new programs and services, and how to access help they may need. To sign up for HopeOneSource text messages or to learn more, visit www.hope1source.org/.

3.2 Public Messaging

Following the notification of a Heat Emergency, HSEMA, DHS, the Mayor's Office on Communication (EOM Comms), and other partner stakeholders disseminate information through alerts, social media, and other communication outlets. Residents can also call 311 to receive information on cooling center operations. In the event of exigent circumstances identified in Section 2.2: Additional Resource Support, alerts, messages, and other forms of communication will be updated and/or modified to reflect severe threats to life safety and additional resource provisions.

4.0 Cooling Centers

Cooling centers are locations across the city where individuals can go to gain respite from the heat. In addition to providing a cool place to rest, some cooling centers may also provide additional services to individuals experiencing homelessness. While some cooling centers will open specifically when a Heat Emergency is activated, many of the District's cooling centers will only be available during their regular business hours. When using a cooling center, individuals must obey all rules and regulations as permitted by each site. Residents can call 311 to receive information on cooling centers.

4.1 Guidance for Individuals Experiencing Homelessness

Resources for individuals experiencing homelessness are intended to align with the District's efforts to move from a shelter-based system to one more focused on rapid stabilization and connection back to permanent housing. However, the strategies outlined in [Homeward DC 2.0](#) (single adults and families) and [Solid Foundations DC](#) (unaccompanied youth) will take time to implement, and as such, the District is committed to ensuring effective strategies in place to protect residents experiencing homelessness. For more information on the broader systems change happening in the District, visit the ICH website at ich.dc.gov/.

Individuals experiencing homelessness and homeless service providers should be aware that some facilities, including DC Public Library (DCPL) locations, may have bag limits. DCPL, for example, has a two-bag limit and individuals should plan accordingly. If individuals need help navigating these policies, they are encouraged to talk to an outreach provider or shelter case manager for assistance.

4.2 District Low Barrier Shelters

Table 1 lists the locations and operating hours of low barrier shelters in the District. Please note not all low barrier shelters operate on a 24/7 schedule.

Location	Ward	Open to	Hours	Phone
Pat Handy (Swing Space) 1009 11 th Street, NW	2	Women	Open 24/7	202-399-7093
St. Josephine Bakhita 6010 Georgia Avenue, NW	4	Women	7PM – 7AM	202-399-7093
Adams Place Shelter 2210 Adams Place, NE	5	Men	Open 24/7	202-399-7093
New York Avenue Shelter 1355-57 New York Avenue, NE	5	Men	Open 24/7	202-399-7093
Emery Shelter 1725 Lincoln Road, NE	5	Men	Re-opening mid-May 2023 Will be 24/7	202-399-7093

Blair House 635 I “Eye” Street, NE	6	Men	7PM – 7AM	202-399-7093
DC General Building 9 Harriet Tubman 1900 Massachusetts Avenue, SE	7	Women	Open 24/7	202-399-7093
Living Life Alternately (LGBTQ+) 400 50 th Street, SE	7	Men	Open 24/7	202-399-7093

Location	Ward	Open to	Hours	Phone
801 East Shelter 2722 Martin Luther King Jr Ave, SE	8	Men	Open 24/7	202-399-7093

Table 1: District Low Barrier Shelters

4.3 Recreation, Community, and Municipal Cooling Centers

The Department of Parks and Recreation (DPR) manages and maintains neighborhood recreation and community centers that can be used as cooling centers. All recreation and community centers are closed on Sundays and some centers are unavailable due to phased maintenance, renovation, or summer programming. Table 2 lists facilities that allow individuals to gain respite from the heat during regular business hours. For the most up-to-date information about DPR's community and recreation center hours of operation, please visit dpr.dc.gov/reccenters.

Location	Ward	Hours	Phone
Columbia Heights Recreation Center 1480 Girard Street, NW	1	Mon – Fri: 6AM – 9PM Sat: 9AM – 5PM	202-671-0373

Table 3: Libraries

4.5 Youth/Young Adult Providers

Some Youth Providers and Young Adult Providers function as cooling centers during heat emergencies, serving individuals under age 18, and individuals 18-24 years of age, respectively. These facilities offer age-appropriate locations for cooling and provide an opportunity for providers to have a touchpoint with youth and young adults and connect them with additional support and services. Table 4 lists these providers.

Provider	Ward	Hours
Latin America Youth Center 1419 Columbia Road, NW	1	Mon – Fri: 8AM – 7PM Closed Saturdays and Sundays
Zoe’s Doors 900 Rhode Island Avenue, NE	5	Open 24 hours daily

Table 4: Youth/Young Adult Providers

4.6 Transportation

The Shelter Hotline at (202) 399-7093 or 311 can be called for on-demand transportation to shelters.

Note the following limitations:

- Accessible transportation for persons with disabilities is provided upon request.
- Unscheduled (on-demand) transportation is limited, subject to traffic conditions, and weather.
- Transportation will pick-up only if a shelter has a bed available, as shelter beds are available on a first come first serve basis.

4.7 Outreach

The District government contracts with several agencies to provide homeless outreach services throughout all four seasons. The ICH facilitates a work group comprised of these District-funded outreach providers, privately funded outreach teams, and the outreach specialists at DHS, the Department of Behavioral Health, and the Office of the Deputy Mayor for Health and Human Services to ensure that community resources are strategically deployed and effectively coordinated.

The outreach agencies provide a vital function in our homeless services system, working to engage vulnerable individuals and to connect them to shelter and housing resources. Through this engagement process, the teams provide an array of services, including routine safety checks and the provision of essential survival items (e.g., food, water, and clothing) for clients. Outreach teams across the city will continue their outreach schedules, will check in on individuals’ health and safety, and provide information about resources to help individuals remain safe in the extreme heat.

Currently, DHS-funded outreach providers cover the entire District through three geographical clusters. While not explicitly detailed, Miriam’s Kitchen covers Wards 1, 3, and 4 completely, much of Ward 2, and north of Rhode Island Avenue in Ward 5. Pathways to Housing serves a smaller but densely populated portion of Wards 2, 5, and 6. Finally, Community Connections serves all of Wards 7

and 8, much of Ward 6, and south of Rhode Island Avenue in Ward 5. All providers engage individuals from 9 a.m. to 11 p.m. throughout the year. To access the street cluster map, available on the DHS website, please visit dhs.dc.gov/page/comprehensive-street-outreach-network. Outreach providers are available through the following numbers:

- If someone needs shelter or a welfare check, call the Homeless Services Hotline at (202) 399-7093 or dial 311. The Homeless Services Hotline is open every day from 8 AM – 12 AM.
- If someone is experiencing a psychiatric emergency, or trauma, or is showing signs of a mental health crisis or substance use disorder, call the DC Department of Behavioral Health Community Response Team at (888) 7WE-HELP or (888) 793-4357.
- If there is an immediate risk to safety, call 911.

5.0 Other Cooling Facilities

5.1 Senior Wellness Centers

For more information on available Senior Center locations, seniors are advised to call the District Department of Aging and Community Living (DACL) at 202-724-5626 during regular business hours or the District’s Call Center at 311 after hours. Table 5 identifies the Senior Wellness Center locations, hours, and contact information. The most up-to-date information about DACL Senior Wellness Centers, please visit dacl.dc.gov/service/senior-wellness-centers.

Name	Ward	Hours	Phone
Bernice Fonteneau Senior Wellness Center 3531 Georgia Avenue, NW	1	Mon – Fri: 10AM – 2PM	202-727-0338

Table 9: Spray/Splash Parks

6.0 Roles and Responsibilities

The following section outlines the roles and responsibilities of District and partner agencies when the Heat Emergency Plan is activated. All agencies will provide heat protective actions for at-risk and vulnerable employees working in field operations. Along with HSEMA, National Weather Service (NWS) and DHS coordinate a heat emergency alert activation. DHS is responsible for shelter operations for people experiencing homelessness through the shelter hotline. DHS distributes bottled

2023 District Heat Emergency Plan

water for people believed to be experiencing homelessness across the city. DHS is also responsible for the distribution of internal notifications when a heat emergency has been declared.

Agency	Roles/Responsibilities
Department of Human Services and the Community Partnership for the Prevention of Homelessness	<ul style="list-style-type: none"> Coordinate the opening and staffing of shelters for the homeless. Provide water for persons remaining on the street when a Heat Emergency is activated to prevent dehydration and heat stroke. The Shelter Hotline, on behalf of and in conjunction with DHS, will provide immediate notification to all low barrier shelters and Day Center providers of the alert status. This notification includes both phone and email updates on each activation.
Department of Health (DC Health)	<ul style="list-style-type: none"> DC Health will assess the medical impact of the heat conditions identify and coordinate with EOM Comms and HSEMA to inform the public of health precautions Monitor hospital emergency room admissions related to heat illnesses. Provide HSEMA information related to heat prevention with protective actions to the public most notably those with health and medical issues.
Department of Aging and Community Living (DACL)	<ul style="list-style-type: none"> Coordinate the activation of neighborhood Cooling Centers for senior citizens per the facilities list. Provide notifications and alerts to senior service organizations.
DC Public Library (DCPL)	<ul style="list-style-type: none"> Allow entry to all public libraries for individuals to cool off (all rules and regulations). Notify HSEMA if there are any unexpected facility closures.
Department of Consumer and Regulatory Affairs (DCRA)	<ul style="list-style-type: none"> Inspect and report residential units and buildings that are without air-conditioning. Identify those residents that may need fans after normal business hours and report such information to HSEMA.
DC Water	<ul style="list-style-type: none"> Track fire hydrant-related issues and provide notification to DC Water's Security and Water Operations for response coordination with MPD and FEMS, as necessary. Coordinate with HSEMA, FEMS, and MPD to provide messaging to the public on the prohibition against illegal use of fire hydrants as street showers for the purpose of cooling.
Department of Energy and Environment (DOEE)	<ul style="list-style-type: none"> Assist in providing box fans to HSEMA to be used for emergency assistance to citizens after normal business hours. During normal business hours DOEE has established several programs designed to assist eligible residents with gas and electric bills as well as box fans.

Agency	Roles/Responsibilities
Department of General Services (DGS)	<ul style="list-style-type: none"> ▪ Ensure security personnel in any government building that allows access to the public for the purpose of cooling has been notified that a Heat Emergency is activated. ▪ Ensure janitorial services occur at sites that fall under the agency's purview. ▪ Notify HSEMA of any District Government public facilities that are without air conditioning or power.
Department of Parks and Recreation (DPR)	<ul style="list-style-type: none"> ▪ Ensure Spray Park locations and pools are activated. ▪ Notify HSEMA of facility closures. ▪ Open recreation centers in neighborhoods during major power outages if requested by HSEMA.
Fire and Emergency Medical Services (FEMS)	<ul style="list-style-type: none"> ▪ Report water pressure problems resulting from illegally activated or opened fire hydrants to the DC Water Emergency Command Center.
Homeland Security and Emergency Management Agency (HSEMA)	<ul style="list-style-type: none"> ▪ Coordinate District agencies and organizations to maintain, activate, and implement the Heat Emergency Plan. ▪ Release AlertDC notifications for heat emergencies. ▪ Update heat.dc.gov with all pertinent public information. ▪ Maintain the GIS Cooling Center Map per notifications from agencies of facility availability/closures.
Metropolitan Police Department (MPD)	<ul style="list-style-type: none"> ▪ Respond to those areas where fire hydrants are being illegally operated.
Mayor's Office of Community Relations and Services (MOCRS)	<ul style="list-style-type: none"> ▪ Provide outreach/information to residents during a Heat Emergency. ▪ Provide the names of special needs residents who may be impacted by the heat and need additional resources.
Office of Unified Communications (OUC)	<ul style="list-style-type: none"> ▪ 311 will provide citizens with information on the locations of open cooling facilities. ▪ 311 is central intake for any issue with spray parks and pools.
Protective Services Police Department (PSPD)	<ul style="list-style-type: none"> ▪ Notify contract officers under their authority when a Heat Emergency is activated.
Serve DC	<ul style="list-style-type: none"> ▪ Provide support for mission assignments during a Heat Emergency Activation, when needed.
