U.S. Small Business Administration Paycheck Protection Program Extended through August 8, 2020

Apply Today

The Coronavirus Aid, Relief, and Economic Security (CARES) Act allocated \$350 billion to help small businesses keep workers employed amid the pandemic and economic downturn. Known as the Paycheck Protection Program, the initiative provides 100% federally guaranteed loans to small businesses.

This program provides small businesses with funds to pay up to 8 weeks of payroll costs including benefits. Funds can also be used to pay interest on mortgages, rent, and utilities. Importantly, these loans will be fully forgiven if borrowers maintain their payrolls during the crisis or restore their payrolls afterward. (due to likely high subscription, at least 75% of the forgiven amount must have been used for payroll)

The deadline to apply is June 30, 2020.
