**What can I do
today?**

This week it is ...crayons

Saturday

Secret messages

- Use a white or very light-coloured crayon to mark make, write a message or draw a picture on white paper.
- Water down some paint and brush it over to reveal the hidden message, marks or drawings.
- You could try this on boiled egg shells – draw patterns on with light crayons then leave for 15 minutes or so in water and food colouring to reveal the pattern.
