*Abstract:* On March 16, 2020, the FTC sought public comment on the information collection requirements associated with the Rule. 85 FR 14939. No germane comments were received.<sup>1</sup> Pursuant to the OMB regulations, 5 CFR part 1320, that implement the PRA, 44 U.S.C. 3501 *et seq.*, the FTC is providing this second opportunity for public comment while seeking OMB approval to renew the pre-existing clearance for the Rule.

The Dispute Settlement Rule is one of three rules that the FTC implemented pursuant to requirements of the Magnuson-Moss Warranty Act, 15 U.S.C. 2301 *et seq.* (Warranty Act or Act). The Rule specifies the minimum standards which must be met by any informal dispute settlement mechanism (IDSM) that is incorporated into a written consumer product warranty and which the consumer is required to use before pursuing legal remedies under the Act in court (known as the “prior resort requirement”).

The Dispute Settlement Rule standards for IDSMs include requirements concerning the mechanism’s structure (e.g., funding, staffing, and neutrality), the qualifications of staff or decision makers, the mechanism’s procedures for resolving disputes (e.g., notification, investigation, time limits for decisions, and follow-up), recordkeeping, and annual audits. The Rule requires that IDSMs establish written operating procedures and provide copies of those procedures upon request.
