Early Years Team

**What can I do
today?**

This week it is ...crayons

Sunday

Taking the crayons for a drive

- Use masking tape to tape a crayon to the back of a car or vehicle so that it touches the floor as it is pushed.
- You could tape different colours on different vehicles.
- Lay a large sheet of paper on the floor and take your crayon for a drive! You can see its journey marked out!
- You could draw or cut and stick on landmarks, houses or roads to drive along.
- You could use words such as fast and slow, ready, steady, go! and left and right to describe your journey.
