Introduction

Domestic violence is a pervasive and underreported issue throughout the commonwealth that touches every aspect of the criminal justice system. It is a crime that spans backgrounds, demographics, and lived experiences, taking many forms including physical, sexual, financial, and emotional violence. Limited or inaccurate data can detrimentally impact services which are available to survivors and victims, as well as critical funding decisions, targeted investments, and general understanding of the issue.

In Kentucky, 45.3% of women and 35.5% of men have experienced contact sexual violence, physical violence, and/or stalking by an intimate partner within their lifetime. An intimate partner related impact includes: being fearful or concerned for safety; any post-traumatic stress disorder symptoms; injury; need for medical care, housing services, victim advocate services, and/or legal services; missing at least one day of work or school; and/or contacting a crisis hotline.

Despite data challenges, Kentucky has a strong history of supporting victims of crime and investing in key services to help bring justice, healing, and security to survivors. A core mission of the Beshear-Coleman administration is combating violent crime, seeking justice for victims, and supporting survivors in their moments of crisis and on their journeys toward healing. The work and collaboration among all three branches of government, including state agencies and local agencies, and non-profit partnerships have strengthened and expanded protections for victims, increased penalties for offenders, and supported advocacy efforts to better address domestic violence throughout the commonwealth.

In the 2022 Legislative Session, Kentucky took an important step forward with the passage of [Senate Bill 271](#). This bill improves the ways in which domestic violence data in Kentucky is collected, analyzed, and utilized by requiring the Criminal Justice Statistical Analysis Center (CJSAC), located within the Justice & Public Safety Cabinet, to provide an annual report on domestic violence-related data throughout the state. Agencies such as the Cabinet for Health & Family Services, the Kentucky State Police, and the Administrative Office of the Courts shall submit specific domestic violence data.

This inaugural report determines the direction of this collaborative implementation, vision, and efforts to better address domestic violence. The information contained within this report creates a baseline of domestic violence-related data from which future measurements can be compared.

Resources for Services and Reporting

About the Report

[Senate Bill 271](#), passed during the 2022 Regular Session and signed by Governor Andy Beshear, enhances domestic violence data collection and analysis by coordinating across sectors and state and local governments. Senate Bill 271 outlines the process for agencies like the Administrative Office of the Courts (AOC), the Kentucky State Police (KSP), the Cabinet for Health and Family Services (CHFS) and others to provide information to be compiled in a single report for statewide dissemination. During the 2023 Legislative Session, [House Bill 535](#) updated the requirements of the report.

The Criminal Justice Statistical Analysis Center (CJSAC) is within the Justice & Public Safety Cabinet. CJSAC is required to collect information on domestic violence fatalities; domestic violence and abuse; and dating violence and abuse within the commonwealth from KSP, AOC, and CHFS. By July 1 of each year, CJSAC shall produce an annual report containing the aforementioned data and submit it to ZeroV (formerly the Kentucky Coalition Against Domestic Violence); the Kentucky Governor; CHFS; the Interim Joint Committee on Judiciary; the Interim Joint Committee on Health, Welfare, and Family Services; and the Legislative Research Commission. This report satisfies the statutory requirement for the annual report.

The data contained within this report is for the Calendar Year of 2022, running from January 1, 2022 to December 31, 2022. The figures contained within this report were provided to CJSAC for compilation and analysis. The original information and records are maintained by the appropriate agency.

REPORT

Kentucky State Police

Per [KRS 209A.122](#), the Kentucky State Police shall provide the center with:

- a. The number of domestic violence and abuse and dating violence and abuse calls for service to which the Kentucky State Police and associated law enforcement agencies responded;
- b. The number of arrests by Kentucky State Police and associated agencies in response to calls of domestic violence and abuse or dating violence and abuse; and
- c. If an arrest was made, the arresting offense charged by Kentucky State Police or associated law enforcement agencies.

Separately, using data contained within the Law Information Network of Kentucky, the Department of Kentucky State police shall provide the center with the:

- a. Number of orders of protection received to be served by law enforcement agencies;
- b. Number of orders of protection served by law enforcement agencies;
- c. Number of orders of protection in LINK; and
- d. Average time for actual service to be returned.

Kentucky State Police

The Kentucky State Police is a department of the Kentucky Justice & Public Safety Cabinet, and the official State Police force of the Commonwealth of Kentucky responsible for statewide law enforcement.

The JC-3 form, as outlined in KRS [15A.190](#), was created as a mechanism to support victims of domestic violence. A law enforcement officer who responds to a report of domestic violence and abuse or dating violence and abuse is to use the JC-3 form to document any information or injuries related to the domestic violence and abuse or dating violence and abuse. In addition to completing the JC-3 form, the officer provides the victim with domestic violence community support resources. The JC-3 form is kept in the records of the law enforcement officer's agency of employment and are relayed to CHFS for their review and evaluation. Services are provided to qualified victims by CHFS.

The JC-3 form is used within this report as a mechanism to track domestic violence-related calls for service t. It is important to note that the following set of data reflects the counts of the electronic JC-3 forms. This data is housed within the KSP records management system, KyOPS. Though the information contained within all paper JC-3 forms is delivered to CHFS, this data is not fully captured within KyOPS for the purposes of analysis.

While a majority of JC-3 forms are now completed electronically, a small number of paper forms are still completed throughout the commonwealth. In 2022, 300 paper JC-3 forms were filed within the commonwealth. In comparison, 38,708 electronic JC-3 forms were filed in 2022.

Additionally, instances of a JC-3 that include sensitive record data involving narcotics were excluded from the report due to the confidential nature of these investigations. These records were identified by origination from the KSP Drug Enforcement Special Investigations (KSP DESI).

The Law Information Network of Kentucky (LINK) is used by KSP to collect, classify, and maintain information useful for the detection of crime and the identification, apprehension, and conviction of criminals. For the purposes of this report, LINK provides data on orders of protection received and served by KSP.

Data Description

Data presented within this report was queried from Kentucky’s Open Portal Solution (KyOPS) and the Law Information Network of Kentucky (LINK).

The statistical report includes four tables extending across multiple pages as follows:

- Table 1. Number of Electronic JC-3 Filed in CY22
- Table 2. Number of Arrests for Incidents with Electronic JC-3 in CY22
- Table 3. Arresting Offense Charge for an Arrest with Electronic JC-3 in CY22
- Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY22

These data respond to the elements specified in KRS 209A.122 as follows:

KyOPS

- a. The number of domestic violence and abuse and dating violence and abuse calls for service to which the Kentucky State Police and associated law enforcement agencies responded
 - Table 1. Number of Electronic JC-3 Filed in CY22
- b. The number of arrests by Kentucky State Police and associated agencies in response to calls of domestic violence and abuse or dating violence and abuse
 - Table 2. Number of Arrests for Incidents with Electronic JC-3 in CY22

c. If an arrest was made, the arresting offense charged by Kentucky State Police or associated law enforcement agencies

- Table 3. Arresting Offense Charge for an Arrest with Electronic JC-3

LINK System:

a. Number of orders of protection received to be served by law enforcement agencies

- Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY22

b. Number of orders of protection served by law enforcement agencies

- c. Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY22

d. Number of orders of protection in LINK

- As a dynamic and constantly changing count, the number of orders of protection in LINK is not easily reported. This value is best represented by the number of orders of protection received and the number of orders of protection served, seen in the previous two statutory requirements.

e. Average time for actual service to be returned

- f. Table 4. Emergency Protective Orders Entered in the Law Information Network of Kentucky in CY22

Statistical Analysis Considerations

- These statistics represent a snapshot in time as of the date the data was queried.
- A single party may be involved in one or more cases within a period of time.

- A single arrest case may have one or more charges.
- Arresting offense charge reflects circumstances at the time of arrest but does not reflect case outcomes.

Research and Statistics Disclaimer for CourtNet

Information received from KYCourts/CourtNet is subject to change(s), reprogramming, modification(s) of format and availability at the direction of the Administrative Office of the Courts (AOC) and may not at any particular moment reflect the true status of court cases due to ordinary limitation(s), delay(s) or error(s) in the system's operation. The KYCourts/CourtNet database is not a real-time system. All datasets are a snapshot of case data at the time a query is run. Case counts are not counts of individuals as some persons may have multiple cases.

The AOC disclaims any warranties as to the validity of the information obtained from KYCourts/CourtNet. The recipient is solely responsible for verifying information received from KYCourts/CourtNet through the cross-referencing of official court records. The AOC shall not be liable to the recipient, or to any third party using the system or information obtained therefrom, for any damages whatsoever arising out of the use of KYCourts/CourtNet.

Research and Statistics UOR Code Disclaimer

The Kentucky State Police (KSP) assigns the Kentucky Uniform Crime Reporting Codes (UOR Codes) to criminal offenses in the Commonwealth of Kentucky. The KSP official list of UOR Codes by KRS number and descriptor can be obtained at the KSP's website at www.kentuckystatepolice.org. The AOC assigns and maintains codes that are used within the Court of Justice Case Management System for statistical and reporting purposes. These codes are used to identify local and city ordinances, as well as codes for general administrative purposes. The AOC official list of UOR Codes with KRS number and descriptor can be obtained at the Court of Justice Website at [Analytics -Kentucky Court of Justice \(kycourts.gov\)](http://Analytics-Kentucky Court of Justice (kycourts.gov)). The AOC UOR Code Listing is for informational purposes only and the information is subject to change, reprogramming, modifications of format, and availability at the direction of the Administrative Office of the Courts (AOC).

A query for data based on specified charges will include each UOR code specified and possible supplemental codes. Supplemental codes (or “ASCF” codes) to any UOR code include: 1) attempt, 2) solicitation, 3) conspiracy, 4) facilitation, 5) complicity, and 6) enhancement. In total, UOR codes contain seven digits. The first six digits are specific to that charge. The seventh digit indicates if there is a supplemental code. A “0” as the seventh digit means that is the primary UOR code and it does not have a supplemental code. If there are supplemental codes, the “0” will change to a 1, 2, 3, 4, 5, or 6 (the numbering corresponds to the list above). An enhancement does not exist on all UOR codes. When a supplemental code does not appear within a dataset, charge(s) did not occur during this period. The presence of “*obs” within the description of a

UOR code indicates an obsolete UOR code. However, the code is still present within the KYCourts/CourtNet database and may still be utilized. Not every UOR code included in the query will have charges associated with it in each calendar year examined. Some cases may contain multiple charges; therefore, charge counts may exceed case counts. The number of cases cannot be inferred as the number of individuals as multiple cases may have the same defendant.

The AOC disclaims and makes no warranty, express or implied, nor assumes any legal liability or responsibility, for the validity, accuracy, correctness, or completeness of any information that is available and/or obtained through this listing. The recipient is solely responsible for verifying the accuracy of the information received from the official owner of the UOR Codes, the KSP.

Furthermore, the AOC shall not be liable to the recipient, the recipient's heirs, and assigns, next of kin or to any third party, for any and all claims, demands, losses or damages arising from the usage of this list and/or information contained therein.

The Cabinet for Health and Family Services

Data Disclaimer

The Cabinet for Health and Family Services (CHFS), Department for Community Based Services (DCBS) does not investigate reports alleging domestic violence unless a child is involved in the incident. In response to SB 271, a new data element was implemented into the Comprehensive Child Welfare Information System (CCWIS), known in Kentucky as The Worker’s Information System (TWIST). On April 22, 2023, this data element was implemented in TWIST to the intake screens and is required for all intakes. Therefore, DCBS can only report data from April 22, 2023. The data element asks: “Is this intake an Intimate Partner Violence? (Intimate Partner Violence is abuse or aggression that occurs in a romantic relationship. Intimate partner refers to both current and former spouses or dating partners)”.

ZeroV

ZeroV, formerly known as the Kentucky Coalition Against Domestic Violence, is the statewide coalition of Kentucky's fifteen regional domestic violence programs (shelters) that provide shelter and supportive services to victims of domestic violence and their children.

ZeroV advocates by amplifying the voices of survivors of domestic violence (intimate partner violence) through its policy work and legislative efforts; supports safe, affirming, trauma-informed care for survivors of intimate partner violence through its network of shelter programs that serve all 120 counties in Kentucky; mobilizes its members, partners, and the community to action; educates through training and technical assistance; empowers by providing survivors with housing and financial support so that they can live independently from their abusive partners; and believes that we cannot eliminate intimate partner violence until we change the cultural and social norms that allow and sanction it.

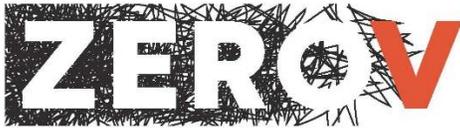

Domestic violence, also referred to as intimate partner violence, is a broad concept with varying definitions, some of which are found in federal and state laws. For purposes of SB 271, domestic and dating violence and abuse are defined as they are in the Kentucky protective order statutes (KRS 403.720 and KRS 456.010). In regard to the data provided by ZeroV for the report and, in terms of the number of individuals accessing shelter and non-shelter services, domestic violence is defined more broadly, as a pattern of coercive, controlling behavior that can include physical, sexual, emotional, psychological, financial (resources), technological, or verbal abuse within an intimate partner relationship. The concept of domestic violence covers individuals who are married, formerly married, cohabitating (as intimate partners), formerly cohabiting, have a child

in common or are or were dating. Therefore, dating violence is assumed to be included in the data provided.

The specific definitions of services and the data points provided from ZeroV and member programs (and that are reported to CHFS throughout the fiscal year) are largely constructed by federal law, regulatory policy, and grant conditions which govern ZeroV's funding sources. The definitions for the data provided from ZeroV for this report come from the Office of Family Violence and Prevention Services which oversees the Family Violence Prevention and Services Act funding.

The data provided by ZeroV only represent those survivors who reached out to designated program members for services. Research suggests that domestic violence still remains underreported, especially among minority populations, to both law enforcement and to domestic violence program service providers.

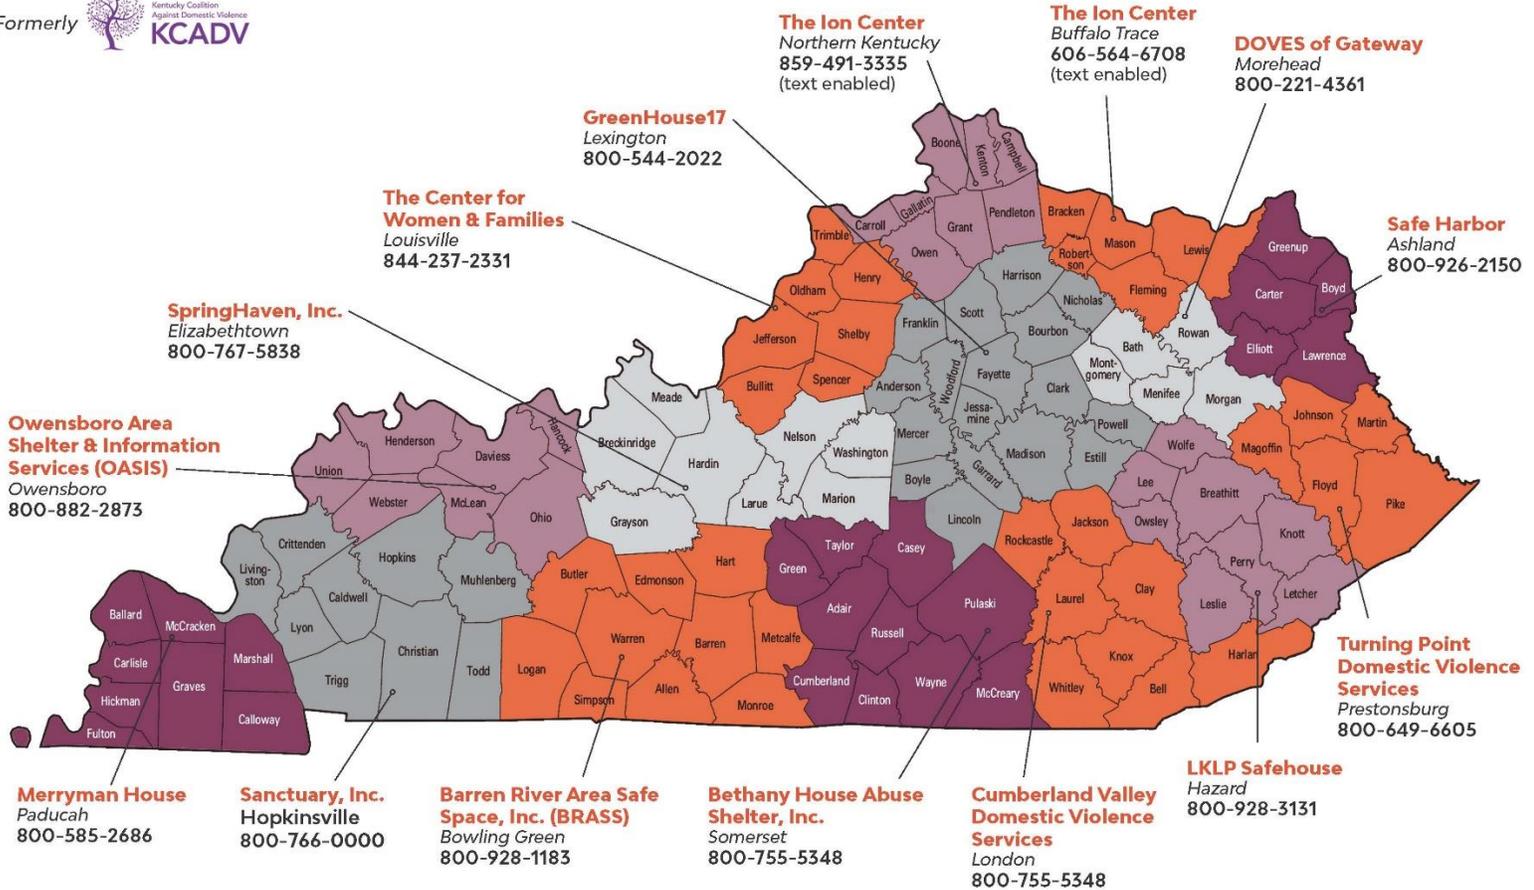

While it is important to take all domestic violence seriously and to consider incidents as potentially lethal, the data provided does not capture the severity of abuse a survivor seeking services experienced.

Definitions and Disclaimers

The category “Children” includes any minor receiving services. It includes the minor (age 0-17) dependents of a survivor in the case that the children are also receiving services (most likely in shelter). It also includes minor survivors of dating violence receiving services. Typically, ZeroV programs do not shelter minors who are survivors of dating or domestic violence who are still living with their parents/guardian.

Adult dependents (e.g. an adult child with a disability) of the survivor receiving services (again, typically in shelter) are counted as adults. An adult dependent who is a victim of domestic violence or dating violence and receiving services is counted as an adult.

“Unmet Requests for Shelter” are the number of unmet requests for shelter due to program shelter, safe homes, or sponsored hotel rooms being at capacity or unavailable. The count includes adult victims of domestic violence only and does not include individuals who were not served because their needs were inappropriate for the services of your program (e.g., homelessness not related to domestic violence). The count does include the total number of times requests for shelter were declined, even if the program provided other services to the requestor.

ZeroV believes that the numbers reported for "unmet requests for shelter" are much lower than actual instances of unmet need due to some lack of clarity about how to capture this data point in the software we are currently transitioning out of. With a new data collection system and training, ZeroV hopes to provide clarity and increase our confidence that this number is being adequately captured.
