The Director, Strategic Business
Initiatives Unit, Office of the Chief
Operating Officer, Centers for Disease
Control and Prevention, has been
delegated the authority to sign **Federal
Register** notices pertaining to
announcements of meetings and other
committee management activities, for
both the Centers for Disease Control and
Prevention and the Agency for Toxic
Substances and Disease Registry.

Kalwant Smagh,

*Director, Strategic Business Initiatives Unit,
Office of the Chief Operating Officer, Centers
for Disease Control and Prevention.*

[FR Doc. 2020-13370 Filed 6-19-20; 8:45 am]

BILLING CODE 4163-18-P

**DEPARTMENT OF HEALTH AND
HUMAN SERVICES**

**Centers for Medicare & Medicaid
Services**

[Document Identifiers CMS-10261, CMS-
10398, CMS-359/360 and CMS-10706]

**Agency Information Collection
Activities: Proposed Collection;
Comment Request**

AGENCY: Centers for Medicare &
Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare &
Medicaid Services (CMS) is announcing
an opportunity for the public to
comment on CMS' intention to collect
information from the public. Under the
Paperwork Reduction Act of 1995 (the
PRA), federal agencies are required to
publish notice in the **Federal Register**
concerning each proposed collection of
information (including each proposed
extension or reinstatement of an existing
collection of information) and to allow
60 days for public comment on the
proposed action. Interested persons are
invited to send comments regarding our
burden estimates or any other aspect of
this collection of information, including
the necessity and utility of the proposed
information collection for the proper
performance of the agency's functions,
the accuracy of the estimated burden,
ways to enhance the quality, utility, and
clarity of the information to be
collected, and the use of automated
collection techniques or other forms of

information technology to minimize the
information collection burden.

DATES: Comments must be received by
August 21, 2020.

ADDRESSES: When commenting, please
reference the document identifier or
OMB control number. To be assured
consideration, comments and
recommendations must be submitted in
any one of the following ways:

1. *Electronically.* You may send your
comments electronically to <http://www.regulations.gov>. Follow the
instructions for "Comment or
Submission" or "More Search Options"
to find the information collection
document(s) that are accepting
comments.

2. *By regular mail.* You may mail
written comments to the following
address: CMS, Office of Strategic
Operations and Regulatory Affairs,
Division of Regulations Development,
Attention: Document Identifier/OMB
Control Number____, Room C4-26-05,
7500 Security Boulevard, Baltimore,
Maryland 21244-1850.

To obtain copies of a supporting
statement and any related forms for the
proposed collection(s) summarized in
this notice, you may make your request
using one of following:

1. Access CMS' website address at
[https://www.cms.gov/Regulations-and-Guidance/Legislation/
PaperworkReductionActof1995/PRA-
Listing.html](https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing.html).

2. Email your request, including your
address, phone number, OMB number,
and CMS document identifier, to
Paperwork@cms.hhs.gov.

3. Call the Reports Clearance Office at
(410) 786-1326.

FOR FURTHER INFORMATION CONTACT:
William N. Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION:

Contents

This notice sets out a summary of the
use and burden associated with the
following information collections. More
detailed information can be found in
each collection's supporting statement
and associated materials (see

ADDRESSES).

CMS-10261 Part C Medicare
Advantage Reporting Requirements
and Supporting Regulations in 42 CFR
422.516(a)

CMS-10398 Generic Clearance for
Medicaid and CHIP State Plan,
Waiver, and Program Submissions
CMS-359/360 Comprehensive
Outpatient Rehabilitation Facility
(CORF) Certification and Survey
Forms

CMS-10706 Generic Clearance for the
Center for Clinical Standards and

Quality IT Product and Support
Teams

Under the PRA (44 U.S.C. 3501-
3520), federal agencies must obtain
approval from the Office of Management
and Budget (OMB) for each collection of
information they conduct or sponsor.
The term "collection of information" is
defined in 44 U.S.C. 3502(3) and 5 CFR
1320.3(c) and includes agency requests
or requirements that members of the
public submit reports, keep records, or
provide information to a third party.
Section 3506(c)(2)(A) of the PRA
requires federal agencies to publish a
60-day notice in the **Federal Register**
concerning each proposed collection of
information, including each proposed
extension or reinstatement of an existing
collection of information, before
submitting the collection to OMB for
approval. To comply with this
requirement, CMS is publishing this
notice.

Information Collection

1. *Type of Information Collection*
Request: Revision with change of a
previously approved collection; *Title:*
Part C Medicare Advantage Reporting
Requirements and Supporting
Regulations in 42 CFR 422.516(a); *Use:*
Section 1852(m) of the Social Security
Act (the Act) and CMS regulations at 42
CFR 422.135 allow Medicare Advantage
(MA) plans the ability to provide
"additional telehealth benefits" to
enrollees starting in plan year 2020 and
treat them as basic benefits. MA
additional telehealth benefits are
limited to services for which benefits
are available under Medicare Part B but
which are not payable under section
1834(m) of the Act. In addition, MA
additional telehealth benefits are
services that been identified by the MA
plan for the applicable year as clinically
appropriate to furnish through
electronic information and
telecommunications technology (or
"electronic exchange") when the
physician (as defined in section 1861(r)
of the Act) or practitioner (as defined in
section 1842(b)(18)(C) of the Act)
providing the service is not in the same
location as the enrollee. Per
§ 422.135(d), MA plans may only
furnish MA additional telehealth
benefits using contracted providers.

The data collected in this measure
will provide CMS with a better
understanding of the number of
organizations utilizing Telehealth per
contract and to also capture those
specialties used for both in-person and
Telehealth. This data will allow CMS to
improve its policy and process
surrounding Telehealth. In addition, the

specialist and facility data we are collecting aligns with some of the provider and facility specialty types that organizations are required to include in their networks and to submit on their HSD tables in the Network Management Module in Health Plan Management System. *Form Number:* CMS-10261 (OMB control number: (OMB 0938-1054); *Frequency:* Annual; *Affected Public:* Private Sector: Business or other for-profits; *Number of Respondents:* 681; *Total Annual Responses:* 5,448; *Total Annual Hours:* 205,662. (For policy questions regarding this collection contact Maria Sotirelis at 410-786-0552.)

2. *Type of Information Collection*

Request: Revision of a currently approved collection; *Title of Information Collection:* Generic Clearance for Medicaid and CHIP State Plan, Waiver, and Program Submissions; *Use:* State Medicaid and CHIP agencies are responsible for developing submissions to CMS, including state plan amendments and requests for waivers and program demonstrations. States use templates when they are available and submit the forms to review for consistency with statutory and regulatory requirements (or in the case of waivers and demonstrations whether the proposal is likely to promote the objectives of the Medicaid program). If the requirements are met, we approve the states' submissions giving them the authority to implement the flexibilities. For a state to receive Medicaid Title XIX funding, there must be an approved Title XIX state plan.

The development of streamlined submissions forms enhances the collaboration and partnership between states and CMS by documenting our policy for states to use as they are developing program changes. Streamlined forms improve efficiency of administration by creating a common and user-friendly understanding of the information we need to quickly process requests for state plan amendments, waivers, and demonstration, as well as ongoing reporting. *Form Number:* CMS-10398 (OMB control number: 0938-1148); *Frequency:* Collection-specific, but generally the frequency is yearly, once, and occasionally; *Affected Public:* State, Local, or Tribal Governments; *Number of Respondents:* 56; *Total Responses:* 1,540; *Total Hours:* 154,104 (3-year total). (For policy questions regarding this collection contact Annette Pearson at 410-786-6858.)

3. *Type of Information Collection*

Request: Extension of a currently approved information collection; *Title of Information Collection:* Comprehensive Outpatient

Rehabilitation Facility (CORF) Certification and Survey Forms; *Use:* The form CMS-359 is an application for health care providers that seek to participate in the Medicare program as a Comprehensive Outpatient Rehabilitation Facility (CORF). The form initiates the process for facilities to become certified as a CORF and it provides the CMS Location and State Survey Agency (SA) staff identifying information regarding the applicant that is stored in the Automated Survey Processing Environment (ASPEN) system.

The form CMS-360 is a survey tool used by the SAs to record information in order to determine a provider's compliance with the CORF Conditions of Participation (COPs) and to report this information to the Federal government. The form includes basic information on the COP requirements, check boxes to indicate the level of compliance, and a section for recording notes. CMS has the responsibility and authority for certification decisions which are based on provider compliance with the COPs and this form supports this process. *Form Number:* CMS-359/360 (OMB control number: 0938-0267); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profits); *Number of Respondents:* 49; *Number of Responses:* 8; *Total Annual Hours:* 74. (For questions regarding this collection contact Caroline Gallaher (410) 786-8705.)

4. *Type of Information Collection*

Request: New collection (Request for a new OMB control number); *Title of Information Collection:* Generic Clearance for the Center for Clinical Standards and Quality IT Product and Support Teams; *Use:* The Health Information Technology for Economic and Clinical Health (HITECH) Act is part of the American Reinvestment and Recovery Act (ARRA) of 2009. As noted in the HITECH Act, CMS is responsible for defining "meaningful use" of certified electronic health record (EHR) technology and developing incentive payment programs for Medicare and Medicaid providers. CMS is continually implementing and updating information systems as legislation and requirements change. To support this initiative, CCSQ IT Product and Support Teams (CIPST) must have the capacity for engagement with users in an ongoing variety of research, discovery, and validation activities to create and refine systems that do not place an undue burden on users and instead are efficient, usable, and desirable.

The Center for Clinical Standards and Quality (CCSQ) is responsible for

administering appropriate information systems so that the public can submit healthcare-related information. While beneficiaries ultimately benefit, the primary users of (CIPST) are healthcare facility employees and contractors. They are responsible for the collection and submission of appropriate beneficiary data to CMS to receive merit-based compensation.

The generic clearance will allow a rapid response to inform CMS initiatives using a mixture of qualitative and quantitative consumer research strategies (including formative research studies and methodological tests) to improve information systems that serve CMS audiences. CMS implements human-centered methods and activities for the improvement of policies, services, and products. As information systems and technologies are developed or improved upon, they can be tested and evaluated for end-user feedback regarding utility, usability, and desirability. The overall goal is to apply a human-centered engagement model to maximize the extent to which CMS CIPST product teams can gather ongoing feedback from consumers. Feedback helps engineers and designers arrive at better solutions, therefore minimizing the burden on consumers and meeting their needs and goals.

The activities under this clearance involve voluntary engagement with target CIPST users to receive design and research feedback. Voluntary end-users from samples of self-selected customers, as well as convenience samples, with respondents selected either to cover a broad range of customers or to include specific characteristics related to certain products or services. All collection of information under this clearance is for use in both quantitative and qualitative groups collecting data related to human-computer interactions with information system development. We will use the findings to create the highest possible public benefit. *Form Number:* CMS-10706 (OMB control number: 0938-NEW); *Frequency:* Occasionally; *Affected Public:* Individuals and Private Sector (Business or other for-profit and Not-for-profit institutions); *Number of Respondents:* 11,476; *Total Annual Responses:* 11,476; *Total Annual Hours:* 4,957. (For policy questions regarding this collection contact Stephanie Ray at 410-786-0971)

Dated: June 16, 2020.
