

INTEGRATING SEL IN THE CONTENT AREAS

NCDPI WEBINAR SERIES

ABOUT THIS SERIES

This webinar series is designed for educators who want to learn more about integrating Social Emotional Learning (SEL) into their classrooms and standards-based curriculum. An overview of North Carolina's SEL initiatives will be shared, including the work of the NC SEL Implementation Team and the five CASEL competencies and Core SEL Practices. The new SEL Standards Mapping documents will be explored, along with other resources that can support implementation of SEL into any PK-12 learning environment.

Register for the appropriate content areas using the links to the right.
