

*Form Number(s)*: None.

*Type of Request*: Regular submission (revision and extension of a currently approved collection).

*Number of Respondents*: 6,188.

*Average Hours per Response*: Shrimp Interviews, Vessel Trip interviews, USVI Trip interviews, South Carolina Coastal Fisheries Dealer Reporting, and Mackerel Gillnet Reporting, 10 minutes; Wreckfish Dealer Reporting, 13 minutes; Coastal Fisheries electronic dealer reporting, 1 minute.

*Burden Hours*: 4,805.

*Needs and Uses*: Fishery quotas are established for many species in the fishery management plans developed by the Gulf of Mexico Reef Fish Fishery Management Council, the South Atlantic Fishery Management Council, and The Caribbean Fishery Management Council. The Southeast Fisheries Science Center has been delegated the responsibility to monitor these quotas. To do so in a timely manner, seafood dealers that handle these species are required to report the purchases (landings) of these species. The frequency of these reporting requirements varies depending on the magnitude of the quota (e.g., lower quota usually require more frequent reporting) and the intensity of fishing effort. The most common reporting frequency is weekly. Daily reporting is only used for one fishery.

In addition, information collection included in this family of forms includes interview with fishermen to gather information on the fishing effort, location, and type of gear used on individual trips. This data collection is conducted for a subsample of the fishing trips and vessel/trips in selected commercial fisheries in the Southeast region and commercial fisheries of the US Caribbean. Fishing trips and individuals are selected at random to provide a viable statistical sample. These data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations.

Anticipated changes in burden hours and respondents are driven by the number of fishing trips made by the fisherman each year. Seasonal differences are always noticed because many factors such as weather, fuel cost, dock side fish prices, fish migration patterns, the number of fisherman with active permits, and seasonal closures can influence how many fishing trip take place annually.

The following individual collections are removed as they are now included in the Coastal Fisheries Dealer Reporting: Vessel Operational Unit

Inventory; Coral Dealer Reporting; and South Atlantic Snapper-grouper, Rock Shrimp, Golden Crab, and Dolphin/Wahoo Dealer Reporting; and Gulf and South Atlantic Coastal Migratory Pelagics and Spiny Lobster Dealer Reporting.

This data collection is authorized under 50 CFR part 622.5.

*Affected Public*: Small business or other for-profit organizations; individuals or Households with federal fishing permits.

*Frequency*: Per fishing trip.

*Respondent's Obligation*: Mandatory.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

*Agency*: National Oceanic and Atmospheric Administration (NOAA).

*Title*: Northwest Region, Pacific Coast Groundfish Fishery: Trawl Rationalization Cost Recovery Program.

*OMB Control Number*: 0648-0663.

*Form Number(s)*: None.

*Type of Request*: Regular submission (extension, without change, of a currently approved collection).

*Number of Respondents*: 166.

*Average Hours per Response*: Cost recovery forms (online fee payments): 1 hour; Annual report: 1 hour; Failure to pay report: 4 hours.

*Burden Hours*: 1,874.

*Needs and Uses*: The Magnuson-Stevens Fishery Conservation and Management Act authorizes and requires the collection of cost recovery fees for Limited Access Privilege Programs, such as the Pacific Coast Groundfish Trawl Rationalization

Program (Trawl Program). Cost recovery fees may not exceed three percent of the ex-vessel value and must recover costs associated with the management, data collection and analysis, and enforcement of these programs. The Trawl Program's cost recovery program requires fish sellers to submit fees to fish buyers who then submit those fees to NOAA's National Marine Fisheries Service (NMFS). Fish buyers must also submit information to NMFS on the volume and value of harvested groundfish when submitting the fees. Information is collected from monthly and annual reports as well as non-payment documents when necessary.

This program is authorized under the Pacific coast groundfish fishery regulations, trawl rationalization cost recovery program at 50 CFR 660.115.

*Affected Public*: Individuals or households; Business or other for-profit.

*Frequency*: Monthly (online fee payments), annually (annual reports), occasionally (failure to pay reports).

*Respondent's Obligation*: Mandatory.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax to (202) 395-5806.

## CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

### Privacy Act of 1974; System of Records

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Notice of a modified System of Records.

**SUMMARY:** The Corporation for National and Community Service (CNCS) proposes to modify *Office of the Inspector General Investigative Files—Corporation-15*, last published on January 30, 2002 (67 FR 4395, 4407), to include substantive changes and modifications described in detail in the supplementary section. The primary purpose of the system is to enable the CNCS Office of Inspector General (CNCS-OIG) to carry out its responsibilities under the Inspector General Act of 1978, as amended, including its responsibility to conduct and supervise investigations relating to programs and operations of CNCS.

**DATES:** Interested persons may submit comments until February 18, 2020. The system of Records Notice (SORN) will be effective February 18, 2020 unless CNCS receives any timely comments which would result in a contrary determination.

**ADDRESSES:** You may submit comments, identified by system name and number, by any of the following methods:

(1) Electronically through [www.regulations.gov](http://www.regulations.gov).

Once you access [www.regulations.gov](http://www.regulations.gov), locate the web page for this SORN by searching for *CNCS-03-OIG—Investigative Files*. If you upload any files, please make sure they include your first name, last name, and the name of the proposed SORN.

(2) By email at [feedback@CNCSOIG.gov](mailto:feedback@CNCSOIG.gov).

(3) By mail: Corporation for National and Community Service, Attn: Office of Inspector General, 250 E St. SW, Suite 400, Washington, DC 20525.

(4) By hand delivery or by courier to CNCS-OIG at the mail address given in paragraph (3) above, between 9:00 a.m.

and 4:00 p.m. Eastern Time, Monday through Friday, except Federal holidays.

Comments received generally will be posted without change to [www.regulations.gov](http://www.regulations.gov), including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check [www.regulations.gov](http://www.regulations.gov), approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

**FOR FURTHER INFORMATION CONTACT:** If you have general questions about a system of record, please email [privacy@cns.gov](mailto:privacy@cns.gov) or use the mailing address (3) identified above. Please include the system of record's name and number.

**SUPPLEMENTARY INFORMATION:** This notice serves to update and modify CNCS-OIG's records system by changing the name of the system from *Office of the Inspector General Investigative Files—Corporation-15* to *CNCS-03-OIG—Investigative Files*, adding new routine uses, revising several existing routine uses, and eliminating routine uses that were duplicative. The substantive changes and modifications to the currently published version of Office of the Inspector General Investigative Files—Corporation-15 include:

- Renaming the SORN as *CNCS-03-OIG—Investigative Files*;
- Replacing all prior routine uses with nineteen new and modified routine uses that are specific to this SORN;
- Creating a method for disclosures to prevent or respond to a suspected or confirmed data breach and disclosures during a records management inspection;
- Enabling CNCS-OIG to release information to the public when: (a) The matter under investigation has become public knowledge because information about it is publicly available, (b) CNCS-OIG or a designee determines that such disclosure is necessary to preserve confidence in the integrity of CNCS-OIG investigative process, or (c) to demonstrate the accountability of CNCS employees or other individuals covered by the system;
- Addressing limited disclosures—to complainants, victims, and witnesses—in situations not covered by routine use 18, and consistent with uses promulgated by other Federal OIGs; and,
- Informing individuals that they can request updates and amendments to their records via email or facsimile and what they should include in that inquiry to receive prompt service.

These changes not only advance overall transparency, but also, by

keeping complainants and victims informed about cases in which they are involved, will encourage individuals to come forward and to cooperate in future investigations. Providing witnesses with records they initially produced, or which contain their own statements or testimony, will, for example, assist the Federal government in ongoing legal proceedings concerning the matters investigated. These changes also represent a balance between privacy interests and the public's interest in transparency. Disclosure of names in certain circumstances will help deter misconduct involving CNCS and/or its funded activities.

For ease of reference, CNCS is republishing the Office of Inspector General records system in its entirety.

#### SYSTEM NAME AND NUMBER:

CNCS-03-OIG—Investigative Files.

#### SECURITY CLASSIFICATION:

Unclassified.

#### SYSTEM LOCATION:

Office of Inspector General, Corporation for National and Community Service, 250 E St. SW, Suite 400, Washington, DC 20525.

#### SYSTEM MANAGER(S):

Inspector General, Office of Inspector General, Corporation for National and Community Service, 250 E St. SW, Suite 400, Washington, DC 20525.

#### AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

The Inspector General Act of 1978, as amended (5 U.S.C. App. 3) and The National and Community Service Trust Act of 1993 (42 U.S. Code Chapter 129).

#### PURPOSE(S) OF THE SYSTEM:

The Corporation for National and Community Service (CNCS) Office of Inspector General (CNCS-OIG) uses the system to track and maintain the files acquired and developed when CNCS-OIG investigates individuals associated with a CNCS program or operation pursuant to the Inspector General Act of 1978, as amended. CNCS-OIG is statutorily directed to conduct and supervise investigations relating to CNCS programs and operations to promote economy, efficiency and effectiveness in the administration of such programs and operations, and to prevent and detect fraud, waste and abuse in such programs and operations. Accordingly, the records in the system are used to investigate individuals and entities suspected of having committed illegal or improper acts and to conduct criminal prosecutions, civil proceedings, and administrative actions against those individuals and entities.
