Immunization Requirements for 12TH grade students for 2021-2022 school year

Dear Parent/Guardian(s),

The Ohio Department of Health has issued state immunization requirements for the upcoming 2021-2022 school year. All students entering 12th grade will be required to show proof of receiving the **Meningococcal (MCV4)** vaccine prior to the beginning of the school year.

Students will be required to have two (2) doses of the Meningococcal (MCV4) vaccine unless the first dose is administered on or after the student's 16th birthday, then the second dose will not be required.

A copy of the student's immunization record must be submitted to the school in order to complete the requirement. Records may be submitted to the school clinic by **fax to 513-891-3845** or by **email to medical@dpccsd.org**. If sending via email please include the student's name, grade and date of birth in the email subject line.

You may obtain the vaccination at any Hamilton Co. Public Health Dept. Clinics (513-984-7882), Norwood Health Dept. (513-458-4600), TriHealth Clinics at Walgreens, Kroger Little Clinic, or your family doctor. Please check with your health care provider to be sure your child is properly vaccinated for the start of the 2021-2022 school year.

If you have any questions, please call Deer Park Jr./Sr. High School at 513-891-0010.

Sincerely,

Shane Hartley, Principal

Julie Dydo BSN, RN, School Nurse
