

7 June 2021

Dear Customer

M4 Junction 12 Traffic Signal Replacement

We'll shortly be carrying out work to upgrade the traffic signals around junction 12 of the M4 at Theale (Berkshire). Work will involve replacing the traffic signals around junction 12 with new LED signals and controllers. The refurbishments will include upgrading to extra low voltage cabling and equipment to reduce our carbon footprint and energy costs.

For the safety of our workforce and customers, different sections of the roundabout will be closed overnight (between 9pm and 6am). These sections are currently scheduled as follows, but are subject to change:

Monday 28 June to Friday 2 July	Closure of the west side of the junction (see drawing overleaf)
Monday 5 July to Friday 9 July	Closure of the east side of the junction (see drawing overleaf)
Monday 12 July to Friday 10 September	Lane closure on the roundabout
Monday 13 September to Friday 24 September	Closure of the west side of the junction (see drawing overleaf)
Monday 27 September to Friday 8 October	Closure of the east side of the junction (see drawing overleaf)

Signed diversions will be in place via adjacent junctions for closures of the M4 slip road; in addition, the following diversions will be in place for closures of the A4 exits from the roundabouts:

- **Closure of the access from roundabout to A4 Bath Road (Theale side)** – traffic will be diverted towards Reading centre, then the A329 to Pangbourne, then A340 to Theale
- **Closure of the access from roundabout to A4 Bath Road (Calcot side)** – traffic will be diverted along Bath Road, then north on the A340 to Pangbourne, along the A329 towards Reading centre, then along the A4 to Calcot

Access will be maintained for emergency service vehicles on blue light calls.

Please note that these works are subject to change due to weather conditions or unforeseen circumstances. We'll advertise the closures on yellow signs placed in advance at the junction, and on our South-East Twitter page (@HighwaysSEAST)

We would like to apologise in advance for any inconvenience or disruption you may experience during this work. If you have any questions, or if you would like to know about our work, please contact us on **0300 123 5000** or email

info@highwaysengland.co.uk. Alternatively, please visit our webpage <https://highwaysengland.co.uk/our-work/south-east/south-east-maintenance-schemes/>

Yours faithfully

Area 3 Communications Team
