

Cumbria County Council  
*Early Years Team*

**What can I do  
today?**

**This week it is...food colouring**

## **Monday**

### **Bubble painting**

- Place some water, washing up liquid and food colouring into a bowl.
- Use a straw or thin tube to blow into the mixture to make bubbles.
- Place a piece of paper on top of the bubbles. The food colouring will create bubble patterns on the paper.
- Use different colours of food colouring to create different patterns.
- You can draw or paint onto the bubbles to make pictures such as underwater scenes. Can you think of anymore pictures you could make?
