#### *M. Public Availability of Comments*

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

#### *N. Determination To Issue an Interim Final Rule With Immediate Effective Date*

We are publishing this interim final rule with a request for comment without prior notice and comment, as allowed under 5 U.S.C. 553(b). Under section 553(b) we find that there is good cause to effectuate this rule without prior notice, and comments are unnecessary and would be contrary to the public interest. This rule is necessary to ensure that individuals who have committed offenses against children are not approved for positions involving regular contact with, or control over, Indian children in contravention of statutory law.

As allowed under 5 U.S.C. 553(d)(3), the effective date of this rule is the date of publication in the **Federal Register**. Good cause for an immediate effective date exists because the delay in publishing this rule would potentially result in approval or rejection of individuals for positions involving regular contact with, or control over, Indian children, who statutorily should not be approved or rejected. We are requesting comments on this interim final rule. We will review any comments received and, by a future publication in the **Federal Register**, address any comments received.

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R04-OAR-2019-0329; FRL-10009-69-Region 4]

### Air Plan Approval; GA; 2010 1-Hour SO<sub>2</sub> NAAQS Transport Infrastructure

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving Georgia's January 9, 2019, State Implementation Plan (SIP) submission pertaining to the "good neighbor" provision of the Clean Air Act (CAA or Act) for the 2010 1-hour sulfur dioxide (SO<sub>2</sub>) National Ambient Air Quality Standard (NAAQS). The good neighbor provision

requires each state's implementation plan to address the interstate transport of air pollution in amounts that contribute significantly to nonattainment or interfere with maintenance of a NAAQS in any other state. In this action, EPA is determining that Georgia will not contribute significantly to nonattainment or interfere with maintenance of the 2010 1-hour SO<sub>2</sub> NAAQS in any other state. Therefore, EPA is approving the January 9, 2019, SIP revision as meeting the requirements of the good neighbor provision for the 2010 1-hour SO<sub>2</sub> NAAQS.

**DATES:** This rule will be effective July 23, 2020.

**ADDRESSES:** EPA has established a docket for this action under Docket Identification No. EPA-R04-OAR-2019-0329. ### SUPPLEMENTARY INFORMATION:

#### I. Background

On June 2, 2010, EPA promulgated a revised primary SO<sub>2</sub> NAAQS with a level of 75 parts per billion (ppb), based on a 3-year average of the annual 99th percentile of 1-hour daily maximum concentrations. *See* 75 FR 35520 (June 22, 2010). Pursuant to section 110(a)(1) of the CAA, states are required to submit SIPs meeting the applicable requirements of section 110(a)(2) within three years after promulgation of a new or revised NAAQS or within such shorter period as EPA may prescribe. These SIPs, which EPA has historically referred to as "infrastructure SIPs," are to provide for the "implementation, maintenance, and enforcement" of such NAAQS, and the requirements are designed to ensure that the structural components of each state's air quality management program are adequate to meet the state's responsibility under the CAA. Section 110(a) of the CAA requires states to make a SIP submission to EPA for a new or revised NAAQS, but the contents of individual state submissions may vary depending upon the facts and circumstances. The content of the changes in such SIP submissions may also vary depending upon what provisions the state's approved SIP already contains. Section 110(a)(2) requires states to address basic SIP elements such as requirements for monitoring, basic program
