Early Years Team

**What can I do
today?**

This week it is... bubbles

Thursday

Bubble painting

- This activity is for older Early Years children. Before you try this practise blowing bubbles into some water, milk or juice using a straw. Your child does not want to suck up the paint bubble mixture in this activity!
- In a bowl, water down some washable liquid paint and add a small amount of washing up liquid.
- Place a straw into the bowl and blow! If you are worried your child may suck up the paint perhaps the adult could blow the bubbles. Before the bubbles pop catch them by placing a sheet of paper over the top.
- Try using different coloured paint and using the same sheet of paper- do the colours mix and change into new colours?
