## EMERGENCY MANAGEMENT

**November 7<sup>th</sup>, 8<sup>th</sup> and 9<sup>th</sup>**

## **ICS 300: Intermediate Incident Command System for Expanding Incidents**

### **Course Description:**

ICS-300 provides an in-depth focus on the NIMS (National Incident Management System) Incident Command System (ICS) that includes the tools, practices and procedures that are available in ICS to effectively manage emergency incidents or planned local events at a local Type 3 level. This course expands on ICS-100 and -200 and ensures that responders understand the basic ICS concepts that allow an incident management organization to expand and contract as needed to fit the incident and maintain its operational effectiveness.

### **Prerequisites**

- ICS-100 Introduction to Incident Command System
- ICS-200 ICS for Single Resources and Initial Action Incidents
- ICS-700 National Incident Management System (NIMS) An Introduction
- ICS-800 National Response Framework, An Introduction

### **Course Objectives:**

- Describe how the NIMS Command and Management component supports the management of expanding incidents.
- Describe the incident/event management process for supervisors and expanding incidents as prescribed by the Incident Command System (ICS).
- Implement the incident management process on a simulated Type 3 incident.
- Develop an Incident Action Plan for a simulated incident.

### **Course Length:**

- 3 Days (20-22 hours)

## EMERGENCY MANAGEMENT

**February 6<sup>th</sup> and 7<sup>th</sup> 2024**

### **ICS 400: Advanced ICS Command and General Staff; Complex Incidents**

#### **Course Description:**

ICS-400 provides training on and resources for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS-100 through ICS-300 courses. These earlier courses are prerequisites for ICS-400.

#### **Prerequisites**

- ICS-100 Introduction to Incident Command System
- ICS-200 ICS for Single Resources and Initial Action Incidents
- ICS 300 Intermediate Incident Command System for Expanding Incidents
- ICS-700 National Incident Management System (NIMS) An Introduction
- ICS-800 National Response Framework, An Introduction

#### **Course Objectives:**

- Explain how major incidents engender special management challenges.
- Describe the circumstances in which an Area Command is established.
- Describe the circumstances in which multi-agency coordination systems are established.

#### **Course Length:**

2 Days (14-16 hours)

## EMERGENCY MANAGEMENT

**February 8<sup>th</sup> 2024**

## **G-191 Emergency Operations Center/Incident Command System Interface**

### **Course Description:**

G191 provides training to develop an effective interface between the Incident Command/Unified Command and the Emergency Operations Center by applying National Incident Management System principles. The course reviews ICS and EOC responsibilities and functions and depends heavily on exercises and group discussions to formulate the interface.

### **Prerequisites**

- ICS-100 Introduction to Incident Command System
- ICS-200 ICS for Single Resources and Initial Action Incidents
- ICS-700 National Incident Management System (NIMS) An Introduction
- ICS-800 National Response Framework, An Introduction

### **Course Objectives:**

- Explain potential ICS/EOC interface challenges.
- Explain key NIMS concepts, command and coordination systems, and structures.
- Analyze given scenarios to determine commonalities and potential interface issues between ICS and EOCs.
- Explain the respective roles and interconnectivity of the NIMS command and coordination systems in coordination.
- Contrast the typical role and functions of the Incident Command and the EOC during emergency operations.
- Analyze given scenarios to apply ICS/EOC interface concepts.
- Develop an ICS/EOC interface action plan for your community.

### **Course Length:**

1 Day (8 hours)
