

Cumbria County Council
Early Years Team

**What can I do
today?**

This week it is... Wool

Thursday

Longest length

- Cut various lengths of wool, you can use different colours.
- Hide the all pieces of wool in different places around the house, when your child/children are not looking.
- Hide them in places that will not be too difficult for the children to find them.
- Have two teams, each team has 10 mins to go around the house and find the hidden pieces of wool and bring them back.
- When they have found all the pieces, each team must then stretch out their pieces of wool and put each piece end to end. (or knot together)
- When all the pieces of wool are joined, measure both teams' length of wool and see which team has the longest piece.
