

Cumbria County Council  
*Early Years Team*

**What can I do  
today?**

**This week it is... Wool**

## **Friday**

### **Threading**

- Ask your child to draw / colour a picture on some card. (or you could use old birthday cards)
- Cut around the edge of the picture.
- Then with a holepunch, put holes about  $\frac{1}{2}$  in apart all the way around the edge of the picture.
- Ask your child to thread some wool in and out of the holes. You may want to start them off with the threading.
- Maybe they might like to hole punch the picture themselves.
- This activity will help develop your child's hand eye co-ordination and fine motor skills.
