Title: Part 40, Provisions Common To Registered Entities (OMB Control No. 3038-0093). This is a request for extension of a currently approved information collection.

Abstract: This collection of information involves the collection and submission to the Commission of information from registered entities concerning new products, rules, and rule amendments pursuant to the procedures outlined in §§ 40.2, 40.3, 40.5, 40.6, and 40.10 found in 17 CFR part 40. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On March 10, 2020, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 85 FR 13876 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: Registered entities must comply with certification and approval requirements which include an explanation and analysis when seeking to implement new products, rules, and rule amendments, including changes to product terms and conditions. The Commission's regulations §§ 40.2, 40.3, 40.5, 40.6 and 40.10 provide procedures for the submission of rules and rule amendments by designated contract markets, swap execution facilities, derivatives clearing organizations, and swap data repositories. They establish the procedures for submitting the "written certification" required by Section 5c of the Act. In connection with a product or rule certification, the registered entity must provide a concise explanation and analysis of the submission and its compliance with statutory provisions of the Act. Accordingly, new rules or rule amendments must be accompanied by concise explanations and analyses of the purposes, operations, and effects of the submissions. This information may be submitted as part of the same submission containing the required "written certification."

SUPPLEMENTARY INFORMATION:

Title of Collection: Consumer Response Company Response Survey.

OMB Control Number: 3170–0069.

Type of Review: Renewal without change of an existing information collection.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 47,900.

Estimated Total Annual Burden Hours: 3,830.

Abstract: The purpose of this information collection is to continue the collection of consumer feedback through an optional survey at the end of the consumer complaint process. Through the existing survey, consumers have the option to provide feedback on the company's response to and handling of their complaint. The results of this feedback are shared with the company that responded to the complaint to inform its complaint handling. The feedback is also used as one of several inputs to inform the Bureau's work to assess the accuracy, completeness, and timeliness of company responses to consumer complaints.

The consumer has the ability to answer three questions about the company's response to and handling of his or her complaint and provide a narrative description in support of each answer. Positive feedback about the company's handling of the consumer's complaint would be reflected by affirmative answers to each question and by the narrative in support of each answer. The Company Response Survey allows consumers to offer both positive and negative feedback on their complaint experience.

Request for Comments: The Bureau issued a 60-day **Federal Register** notice on January 24, 2020, 85 FR 4294, Docket Number: CFPB–2020–0009. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper

performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Dated May 13, 2020.

Darrin King,

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.
