

Cumbria County Council

What can I do today?

This week it is... cardboard boxes

Tuesday

Post box!

- Save a cardboard box to make into a post box. It could be a cereal box for very young children or a larger box for older children.
- If you would like it to be red either cover it in paper or paint it. If the box has shiny print on it open the box at its seams and turn inside out before painting so the paint does not flake off.
- Cut out a hole for the letter box.
- Younger children will enjoy posting items in the slot, older children could write notes or draw pictures for other people and post them. They could collect the mail in a bag and deliver the letters too.
