Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the TPSID program is to support a national coordinating center charged with conducting and disseminating research on strategies to promote positive academic, social, employment, and independent living outcomes for students with intellectual disabilities. The TPSID-CC will establish a comprehensive research and evaluation protocol for TPSID programs; administer a mentoring program matching current and new TPSID grantees based on areas of expertise; and coordinate longitudinal follow-up data collection and technical assistance to TPSID grantees on programmatic components and evidence-based practices. The TPSID-CC will also provide technical assistance to build the capacity of kindergarten through grade 12 transition services and support postsecondary education inclusive practices, among other activities.

Background: As part of the Higher Education Opportunity Act of 2008, Congress authorized the TPSID-CC for institutions of higher education (IHEs) that offer inclusive comprehensive transition and postsecondary programs for students with intellectual disabilities, including institutions funded under the Transition Programs for Students with Intellectual Disabilities (TPSID) program. Since that time, the TPSID-CC has played a vital role in supporting the work of TPSID grantees, including identifying and disseminating best practices, promoting the development of high-quality performance measures, and collecting valuable information about the provision of postsecondary education for students with intellectual disabilities.

Priority: This notice contains one absolute priority. In accordance with 34 CFR 75.105(b)(2)(iv), this priority is from section 777(b) of the HEA (20 U.S.C. 1140q(b)).

Absolute Priority: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34

CFR 75.105(c)(3) we consider only applications that meet this priority.

This priority is:

(2) Provide technical assistance regarding the development, evaluation, and continuous improvement of such programs;

(3) Develop an evaluation protocol for such programs that includes qualitative and quantitative methodologies for measuring student outcomes and program strengths in the areas of academic enrichment, socialization, independent living, and competitive or supported employment;

(4) Assist recipients of grants under the TPSID program in efforts to award a meaningful credential to students with intellectual disabilities upon the completion of such programs, which credential must take into consideration unique State factors;

(7) Develop model memoranda of agreement for use between or among IHEs and State and local agencies providing funding for such programs;

(8) Develop mechanisms for regular communication, outreach, and dissemination of information about comprehensive transition and postsecondary programs for students with intellectual disabilities to those

institutions that have grants authorized under the TPSID program and to families and prospective students;

The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.205, before awarding grants under this program, the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2

CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may also notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license

to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements, please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case, the Secretary establishes a data collection period.

5. Performance Measures:

The Government Performance and Results Act of 1993 directs Federal departments and agencies to improve the effectiveness of their programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The goal of the TPSID-CC Program is to provide—(a) recommendations related to the development of standards for inclusive comprehensive transition and postsecondary programs for students with intellectual disabilities; (b) technical assistance for such programs; and (c) evaluations for such programs.

To assess the success of the grantee in meeting these goals, in addition to other information, the grantee's annual performance report must include—

(a) The percentage of inclusive comprehensive transition and postsecondary programs assisted by the TPSID-CC that meet evidence-based, center-developed standards for necessary program components, reported across each standard; and

(b) The percentage of students with intellectual disabilities who are enrolled in programs assisted by the TPSID-CC who complete the programs and obtain a meaningful credential, as defined by the TPSID-CC and supported through empirical evidence.

In addition, the TPSID-CC will work closely with the Federal project officer to develop additional performance measures, performance targets, and data collection methodologies that are aligned with this work. Data must be collected by the TPSID-CC on accreditation standards and communications with recognized accrediting agencies, descriptions and analyses of funding streams, and the impact of the TPSID-CC's technical assistance activities related to outreach and dissemination. These additional performance measures will capture formative data about the quality, usefulness, relevance, and efficiency of the TPSID-CC's technical assistance and evaluation services.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
