It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Title of Collection: Report of Dispute Resolution Under Part C of the Individuals with Disabilities Education Act.

OMB Control Number: 1820–0678.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 56.

Total Estimated Number of Annual Burden Hours: 2,240.

Abstract: The Individuals with Disabilities Education Act (IDEA; Pub. L. 108–446) directs the Secretary of Education to obtain data on the dispute resolution process described in Section 615 of the law. This package provides instructions and form necessary for States to report the number of written, signed complaints; mediation requests; and hearing requests and the status of these actions initiated during the

reporting year with regards to children served under Part C of IDEA. The form satisfies reporting requirements and is used by OSEP to monitor SEAs and for Congressional and public reporting. No adjustments were made to this data collection therefore we anticipate no change in the response burden associated with this data collection. The Department of Education is interested in public comment addressing the COVID crisis. Specially, are there any considerations to these data collections due to the national emergency caused by the novel Coronavirus disease 2019 (COVID–19). Please note that written comments received in response to this notice will be considered public records.

Dated: June 11, 2020.

ELECTION ASSISTANCE COMMISSION

Standardized Format To Be Used for Both Interim and Final Progress Reporting

AGENCY: U.S. Election Assistance Commission (EAC).

ACTION: Request for public comment on standardized EAC Progress Report (EAC–PR) format.

SUMMARY: The EAC Office of Grants Management (EAC/OGM) is responsible for distributing, monitoring, and providing technical assistance to states and grantees on the use of Federal funds. EAC/OGM also reports on how the funds are spent, negotiates indirect cost rates with grantees, and resolves audit findings on the use of Help America Vote Act (HAVA) funds. The EAC–PR has been developed for both interim and final progress reports for grants issued under HAVA authority. EAC received emergency clearance of its Coronavirus Aid, Relief and Economic Security (CARES) Act report form due to the public health emergency posed by COVID19. This format builds upon that report for the separate grant awards given by EAC.

DATES: Comments must be received by 5 p.m. EST on Monday, August 17, 2020.

ADDRESSES: To view the proposed EAC–PR format, see: <https://www.eac.gov/payments-and-grants/reporting>. Written comments and recommendations for the proposed information collection should

be sent directly to HAVAFunding@eac.gov.

FOR FURTHER INFORMATION CONTACT: For information on the EAC-PR, contact Kinza Ghaznavi, Office of Grants, Election Assistance Commission, HAVAFunding@eac.gov, (202) 400-1086.

All requests and submissions should be identified by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description

A “For Comment” version of the draft format for use in submission of interim and final Progress Reports is posted on the EAC website at: <https://www.eac.gov/payments-and-grants/reporting>. The PR will directly benefit

award recipients by making it easier for them to administer Federal grant and cooperative agreement programs through standardization of the types of information required in progress reports—thereby reducing their administrative effort and costs.

After obtaining and considering public comment, the EAC will prepare the format for final clearance. Comments are invited on (a) ways to enhance the quality, utility, and clarity of the information collected from respondents, including through the use of automated collection techniques or other forms of information technology; and (b) ways to minimize the burden of the collection of information on respondents, including through the use

of automated collection techniques or other forms of information technology.

The EAC proposes to collect program progress data for HAVA grantees building upon the emergency approved form OMB Control No: 3265-0020 for the HAVA CARES Act Progress Reports. EAC will use this data to ensure grantees are proceeding in a satisfactory manner in meeting the approved goals and purpose of the project.

The requirement for grantees to report on performance is OMB grants policy. Specific citations are contained in part 200, “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.”

Respondents: All EAC grantees and state governments.
